Subject:	Motion for Postponement | Case Number: C14H-2014-0014 (Bluebonnet Hills Historic District Proposal)
Date:	Wednesday, November 12, 2014 4:03:08 PM

Mr. Sadowsky,

I respectfully request a 4-week postponement of the hearing in case number C14H-2014-0014 (Proposal for Bluebonnet Hills Historic District), and that the meeting be continued to the next available meeting of the Historic Landmark Commission. My wife, Maryam Nazari, and I own (and reside at) 506 Lockhart Drive, Austin, TX 78704 and submit this request jointly.

The grounds are clear and support this request:

1. Our neighbors and I received notices this past Saturday, November 8th, 2014 about a public hearing being held less than 9 days later on new proposed zoning restrictions that would encumber our properties based on a historic district application.

2. By any standard, <u>four</u> business days (Veteran's Day was a holiday) is an unreasonably insufficient amount of time to review what our properties would be subject to, seek representation of our interests, or even review and research the issues presented by the proposal itself.

3. There is no legitimate concerns related to historic preservation that requires such a short amount of time to review the proposed zoning restrictions and historic district plan.

Accordingly, we request that this meeting be continued for at least 8 weeks so that those opposing this proposal can consider the matter.

Respectfully submitted,

Arif Panju
Attorney
