Hello,

Please share my concerns with applicant for Street Vacation of Samsung Blvd to Parmer Lane from Pioneer Crossing East Neighborhood.

Sprinkle Cut off and Springdale which feeds into Sprinkle Cut off is a small street with sharp curves that cannot safely handle the full neighborhoods residents entering and exiting. Sprinkle cut off towards Braker East is also very small and windy. Samsung to Parmer is a necessity everyday during the week.

Weekends can handle more detours as traffic is dispersed and there are not any rush hours in the neighborhood on the weekend. Without details of the Street Vacation I can only speak generally on the subject but hope that these concerns are taken seriously.

Thank you!
