Contract Management Department

Welcome to the Subcontractors Academy!

The City of Austin Contract Management Department (CMD), in partnership with Small & Minority Business Resources (SMBR), and Public Works (PWD), is breaking ground with a new educational series, the ***Subcontractors Academy***. The Subcontractors Academy consists of a series of seminars and interactive sessions especially designed with the City subcontractors in mind. The goals of the program are to:

1. Ensure all interested subcontractors have access to information, resources and tools they need to be successful in their City construction contracts; and to
2. Provide subcontractors an opportunity to network with, and learn alongside, government contracting officials to gain a better understanding of the City processes, roles, and responsibilities associated with City government contracting.

Classes will be conducted the 4th Wednesday of each month beginning February 26, 2014; and are open to City subcontractors and all interested parties.
