*** External Email - Exercise Caution ***

Mashell Smith,

It has come to my attention that Samsung has applied for a street vacation at Parmer and Samsung Blvd. I strongly object to this application of street vacation.

1.) This is the main entrance to the Pioneer East subdivision.

2.) The entrance is the only main entrance to the subdivision that is capable of handling the traffic for our 1100+ residents.

3.)This approval would possibly lead the subdivision into lower housing market, devaluing our homes and quality of life.

4.)There are no other roads available to handle the traffic flow in a safe and manageable way for the residents who live here.

5.) Our tax dollars have paid for this road and the maintenance of the road since its completion.

6.) I oppose a private corporation being able to apply for land that already belongs to the public at large and is used daily to travel safely from homes to work, stores, and restaurants.

7.) This subdivision has been here before the additional purchase of land, and therefore should remain as is.

Thank you for time and consideration before approving this application.

Have a nice day,

Elizabeth Wilson
