

AARC initiates its programs in response to a community need. Non-profits, community groups and individuals may suggest a one time program that is relevant to AARC and PARD's mission, values and audience. Suggested programs are to be offered to the public free of charge and collaborators "volunteer" their services. The City of Austin and the Parks Department facility provides the resources for production and marketing of the program. If the suggested program meets the requirements and can be supported by its budget, the AARC may engage in a collaboration. Collaborations require a customized agreement outlining the terms of participation.

Individuals or organizations may submit the collaboration request along with any supporting materials to the AARC for consideration. Once your request is received AARC staff will review the form and will be in contact as soon as possible. Please note: The AARC is only able to accept a limited number of collaborations each year.
