

# Ridgeline Neighborhood Park

Community Meeting #2

April 21, 2022

## Zoom Meeting Chat

17:24:50 From PARD Aylin Ortiz to Waiting Room Participants:

Hello Charles, we are still setting up the meeting. Thank you for your patience. We will admit you in a moment.

17:27:41 From PARD Aylin Ortiz to Waiting Room Participants:

Thank you for attending today's meeting. We will admit you in just a moment.

17:31:18 From laura kwan to Everyone:

james, did you go to colony bend elementary school by any chance?

17:33:02 From James Wheeler to Everyone:

No, I did not Laura. I moved from south Florida in 2014

17:43:36 From Mitzi Jones to Everyone:

How do you see handling security after dark in the park?

17:44:03 From laura kwan to Everyone:

I suggest motion sensor lights

17:45:10 From laura kwan to Everyone:

QUESTION: can we have at least a couple handicap parking?

17:45:58 From laura kwan to Everyone:

spots\*

17:46:55 From Merida Frank to Everyone:

Will the park be open or will it be enclosed by a fence?

17:47:08 From Charles Tolliver to Everyone:

When the HEB opened there were two picnic tables near the concrete slab. Would that be the area you see the future picnic area?

17:58:26 From PARD Justin Schneider to Everyone:

Visit [PollEv.com/austinparks512](https://poll.ev.com/austinparks512) or text 22333

18:02:09 From laura kwan to Everyone:

you need to show us the answer choices

18:02:36 From Cindy Goldsberry to Everyone:

we don't see choices

18:11:47 From Evelyn Brengle to Everyone:

Could you please put mileage markers on the trail?

18:12:03 From laura kwan to Everyone:

1. Can we consider an asian zen garden theme? It would be timely to celebrate Asian American influence when there is increasing Asian hate crime and currently there are no Asian themed neighborhood parks in Austin.

2. Can light posts or trail markings on ground indicate distance and location reference for emergencies?

3. Can there be motion detection LED overhead lighting along paths or rest areas?

4. Can we use xeriscaping to promote water conservation, defensive architecture, and WNV mitigation?

5. Can there be AEDs in designated covered areas?

6. Can there be public WiFi in the park?

7. Can educational signs be physical and in augmented reality?

18:12:56 From Merida Frank to Everyone:

It seems a little odd to have the play scape so close to the QT gas station instead of the actual neighborhood areas.

18:13:20 From laura kwan to Everyone:

8. Can there be owl and bat houses?

18:14:26 From Charles Tolliver to Everyone:

Owl and Bat houses are nice. also bluebird houses.

18:17:35 From Merida Frank to Everyone:

It would be nice to have a fence on the side of Lakeline Blvd due to the high traffic

18:17:48 From Cindy Goldsberry to PARD Justin Schneider(Direct Message):

Thank you so much -- very well done. Great work and consciousness attention. Best to you as this progresses!

18:22:10 From laura kwan to Everyone:

yes absolutely, sidewalk needed bc trails are not a loop

18:22:27 From Charles Tolliver to Everyone:

There's a spring in the Shenandoah neighborhood that feeds the drainage channel (upper left in the plan)..

18:23:35 From laura kwan to Everyone:

thank you

18:24:03 From Laura Kwan to Everyone:

please re-consider having at least one handicap parking space

18:24:37 From Laura Kwan to Everyone:

18:24:38 From John Kramar to Everyone:

I think as long as there is handicap access from QT that can kinda be used for parking

18:24:49 From Laura Kwan to Everyone:

good point

18:24:59 From Laura Kwan to Everyone:

is there an accessible route between QT and the park?

18:25:28 From Charles Tolliver to Everyone:

Thank you.

18:25:37 From Merida Frank to Everyone:

Thank you

18:25:51 From Laura Kwan to Everyone:

thanks James, Aylin, and Justin!

18:26:04 From Christine Ortiz to Everyone:

Thank you
