

**2017-2018 BUDGET QUESTION**  
***Response to Request for Information***

---

**DEPARTMENT:** Planning and Zoning

**REQUEST NO.:** 33

**REQUESTED BY:** Alter

**DATE REQUESTED:** 5/10/17

**DATE POSTED:** 5/15/17

**REQUEST:** Please provide information involving any potential peculiarities of CodeNEXT regarding what's bordering cemeteries or how they are coded.

---

**RESPONSE:**

The CodeNEXT team is not aware of any peculiarities in regards to the properties zoned around existing cemeteries. The CodeNEXT team and consultants evaluated the existing land use patterns surrounding cemeteries within the zoning jurisdiction of Austin. Of the existing 26 cemeteries identified by GIS data and located within the city limits, the CodeNEXT team carried forward the existing zoning of said cemeteries and assigned a comparable zoning classification to surrounding properties. When a change of zoning classification of surrounding properties was assigned, the team proposed the same classification as like properties and surrounding development.
