**D OSBURN BID\_TAB**

**For More Information** Cruz Banda, Buyer II/974-2133

**Purchasing Language** Sole bid received

**MBE/WBE** This contract will be awarded in compliance with Chapter 2-9C of the City Code (Minority-Owned and Women-Owned Business Enterprise Procurement Program) No Subcontracting opportunities were identified, therefore, no goals were established for this solicitation

This contract is for the purchase of golf green mix and bunker sand for the Jimmy Clay Golf Course renovation project that began in January 2007. The materials being purchased under this contract will be used for renovation of all the golf greens. The greens mixture consists of United States Golf Association (USGA) approved silica sand and reedsedge peat moss that will provide appropriate drainage for all greens.

Jimmy Clay's greens have suffered from poor drainage, root decline and flood damage. The greens sand mixture will be used to replace the greens structure necessary for movement of air and water through the root zone. The bunker sand is the same type sand used in the greens mix and will replace the existing bunker sand once these bunkers have been re-shaped and new drainage is installed. The improvements to the facility will improve overall playing conditions and revenue to the City of Austin Golf Division.

MBE/WBE Solicited 3/1 MBE/WBE Bid 0/0

**PRICE ANALYSIS** a Sole Bidder. The silica sand is not locally available and other bidders chose not to bid due to the high cost of transportation. b Eighteen notices were sent including three MBEs and one WBE. Three solicitations were issued. One bid was received, with no response from the MBEs/WBE. c This is the first purchase of this type, therefore, there is no pricing history available.

**APPROVAL JUSTIFICATION** a The Purchasing Office concurs with the Parks and Recreation Department's recommended award. b Advertised in the Austin American-Statesman and the Internet.
