Subject Request for postponement re: Fox Hill zoning application C 14 06 0191

Wendy, I know this is late in the process but our HOA believes there are still open questions and issues associated with this zoning application. At the request of Jerry McCulley, current President of Onion Creek HOA, we respectfully request an additional delay of this application.

Hopefully this delay will give all interested parties an opportunity to review the overall project in relation to impact on their interests. The goal will be to try to put to bed any lingering concerns and to formalize any agreements and understandings.

Thank you for your consideration of this request. If there are any questions, please don't hesitate to let Jerry or myself know.

Sincerely, John

John McNabb
