RE Item 51 – City council Agenda May 3, 2007
C14-07-0004

Dear Mr. Guernsey,

On behalf of my client, we respectfully request a postponement for the above referenced zoning case until June 7, 2007. This will hopefully provide us the necessary time to work out and meet with anyone that may have any opposition to this case. To date we have not heard from anyone in opposition yet we understand that some council members have been contacted. Until we can meet and understand their concerns we can not go forward with the zoning case scheduled for today.

Should you have any questions, please contact me at my office.

Sincerely,

A. Ron Thrower
