

**G. F# 8381-0611 - Vacation of Right of Way at the 1300 Block of Woodlawn Blvd**

Mr. Papavasiliou said this vacation appeared before the Commission a year and a half ago but the applicant withdrew their request to proceed. He said the new applicant intends to build a multi-family town home development. Mr. Papavasiliou said objections were received but after months of negotiations, the neighborhood and developer have agreed on the type of development that will go into the neighborhood. Mr. Pepper asked which neighborhood association was involved and Mr. Papavasiliou answered Old West Austin and Clarksville. Mr. MacKinnon asked when the neighborhoods agreed on the conditions and Mr. Papavasiliou answered February 27. Mr. Lockler asked about any objections to traffic generation. Mr. Papavasiliou said there is no plan to extend the right of way at this time and that once the site plan is submitted to the City, the traffic analysis specific to this site will be performed.

**Motion by:** Ed Easton  
**Seconded by:** Carl Pepper

**Motion:** To approve the vacation.

**Ayes:** Bucknall/Easton/Harden/Hawthorne/Lockler/MacKinnon/Sapire/Tepper  
**Nays:** None  
**Abstain:** None  
**Absent:** Goetz

**H. Parking on Guadalupe St from 46th Street to 51st Street**

Item has been postponed to April 10, 2007.

**I. 2007 UTC Work Plan**

Mr. Bucknall asked if anyone has interest doing anything from the Work Plan outside of the Commission meetings. Mr. Pepper said he knows someone interested in being the Capital Metro liaison and that he has contacted Capital Metro. He said Mr. MacKinnon expressed interest and is well suited for the job. Mr. MacKinnon confirmed his interest. Mr. Easton said he did not attend the Land Use and Transportation (LUT) meeting this month but plans to attend in April. Mr. Easton wanted clarification about what UTC wants from working with the LUT so he knows his role in attending the meeting. Mr. Pepper suggested watching the agenda to note things of interest and perhaps those items can be added to the UTC agenda. Mr. Bucknall said this could also increase coordination between boards and commissions.

**J. Progress Reports from Special Committees**

Mr. Pepper also said that Capital Metro has expressed interest in attending more UTC meetings in the future. Mr. MacKinnon said he attended the recent Capital Metro meeting and asked who his liaison will be. Mr. Pepper suggested Matt Curtis and said there is a new contact that should be settled in within a couple weeks.

Mr. MacKinnon suggested adding a bicycle/CarShare committee.

**K. Projected Transportation Projects for City Council Action**

None.
