It has come to our attention that the wishes of this congregation need to be made known to the city in regard to the neighborhood plan. We do concur with the plan's recommendation that our property be zoned LO-MU-NP.

Because of comparable properties along Cameron Road, we believe that a base zoning of GR would have been well justified. However, since our immediate plans are to remain as an active congregation at this site (5701 Cameron Road, Tract #16 on the Windsor Park Neighborhood Map for Rezoning), we are not requesting this higher designation.

Respectfully,

Pastor Sandra Wilcox
