

Distribution of Citizens Supporting the Windsor Park Neighborhood Plan

University Hills/Windsor Park Neighborhood Plan

August 2007

The Windsor Park portion of the University Hills/Windsor Park Neighborhood Plan (UHWPNP) enjoys broad support throughout the Windsor Park Neighborhood. This plan is the result of a twenty-month process with considerable community involvement. Outreach was extensive to the residents, businesses and other stakeholders, and informational updates were frequent. The Neighborhood Planning and Zoning Department staff members have been very professional and responsive to when presented with questions, suggested changes and input from the neighborhood residents.

This Plan

Accommodates Expected Growth and Protects our Neighborhood

- Locates density and more intense uses in areas of commercial development
- Protects single-family nature of neighborhood

Emphasizes Quality of Life

- Connects our community with other neighborhoods and Mueller
- Seeks improvement of parks and acquisition of additional green space

Promotes Affordability

- Encourages a mix of housing options for future development
- Opted into Vertical Mixed Use (VMU) on Core Transit-Corridors (CTCs on Cameron Road, 51st Street and Manor Road)
- Desired VMU type development in town center (Windsor Village)

Encourages Business Redevelopment

- Mixed Use (MU) and VMU desired in select areas to revitalize business where appropriate
- Serves as catalyst for a Windsor Village "town center" for Windsor Park
- Potential Capital Plaza redevelopment as a Neighborhood Urban Center

Focuses on Transportation Improvements

- Multi-modal (car, bus, bike, foot, etc)
- Safe Routes to Schools

The UHWPNP continues the 25 year tradition that Windsor Park Neighborhood Association has enjoyed with the community, adjacent neighborhoods and the City of Austin.
