

Performance

Related Department Goal

Prevent the spread of communicable disease and reduce the risk of health complications due to disease and unhealthy behaviors.

Outputs/Outcomes

The goal of creating 60 community changes related to reducing STD rates and increasing access to prenatal care will be reached in Year 3 of this grant. The remaining community changes will be achieved by building on the synergy from our Maternal and Child Health Coalition, outreach and linkage efforts, and work with health care providers.

<u>Output:</u>	<u>FY07-08 Proposed</u>	<u>FY07-08 Revised</u>
• Number of Community Changes	50	60
• Number of Health Promotion/Education encounters	2,000	2,000
• Number of activities/programs conducted/facilitated	80	80
• Number of sex education encounters to youth ages 12-17	400	500

Result:

• Percent increase in knowledge based on pre/post-tests	20%	20%
• Customer Satisfaction Results	85%	85%
