Subject City Council Hearing Regarding Building Permit for 2104 Stamford Lane

I am the owner of 2200 Stamford Lane Austin Texas 78703 and I live at this residence with my family. Unfortunately I cannot attend tonight's meeting regarding the proposed building permit at 2104 Stamford Lane. Please convey to the Council that I oppose the building permit and support the appeal by my neighbors. I do not make this statement lightly. I have put a great deal of thought into this matter and I believe there are several legal reasons as to why the proposed building permit should not be issued.

Subject Building Permit Appeal for 2104 Stamford Austin 78703
Importance High

Regarding Item# 61PH

We are homeowners located at 2505 Stamford Way directly across the street from the property addressed at 2104 Stamford

Since this building permit has expired and the proposed design exceeds the impervious cover limit we implore the Council to support the appeal and deny the building permit

Subject 2104 Stamford issue

Joi

I am writing in support of the position of Mike Cannatti in opposition to the appeal of the issuance of a building permit at 2104 Stamford. Because the earlier issued permit had expired and because that permit exceeds the McMansion criteria as well as impervious cover, I believe it should be neither issued, extended, nor reissued.

Thanks Hope all is well

Ken Pfluger

Subject City Council Agenda Item #61 2104 Stamford Lane
Importance High

Hello Joi

Re: City Council Meeting Agenda Item 61PH

I am writing in support of the position of Michael Cannatti in opposition to the issuance of a building permit for construction at 2104 Stamford Lane. The original expired permit exceeds the criteria of the McMansions Ordinance as well as the impervious cover requirement. This permit should not be issued, extended or reissued.

Only a new permit, completely compliant with the McMansions Ordinance and Land Development Code criteria, should be considered for this site.

Thank you

Joyce Basciano
