Section 43.031 of the Texas Local Government Code authorizes adjacent municipalities to make mutually agreeable changes in their boundaries of areas less than 1,000 feet in width.

This proposed boundary adjustment will bring the entire intersection of Lakeline Boulevard and US 183 into Austin's full purpose city limits. It will resolve any potential for confusion over jurisdiction related to emergency response, enforcement of public safety regulations and maintenance of signs, signals, and striping.

The intersection of Lakeline Boulevard and US 183 was built after annexation established the city limits at this location, resulting in a portion of the intersection falling in Cedar Park's city limits. In 1984, the City annexed for full purposes a strip along US 183 extending to the future location of Lakeline Boulevard. In 1994, properties in the Lakeline area were annexed for full purposes. The 1984 and 1994 annexation boundaries follow the property lines of the original Lakeline project, not the undulating path of Lakeline Boulevard.
