Late Backup

Dear Mayor & City Council Members,

I am one of the citizens who signed the petition against the 3215 Exposition zoning application - Zoning Case # C14-2007-0084. Since signing, I have learned more about the proposed residences and zoning classes in general. I signed the petition without sufficient knowledge or information regarding the proposed project and their eventual use. I withdraw my opposition to the applicant's request.

Sincerely,

DONATO D. CORRAO
