6. Consider a Recommendation on an Interlocal Agreement with Travis County for Improvements to Decker Lake Road from FM 973 East to SH-130

Mr. Taylor explained the location of the project and said Travis County, the City of Austin and a developer will share this project cost. He said Travis County will be the project manager and the City of Austin will only pay a third of the construction cost.

Commissioner Goetz asked the cost and Mr. Taylor answered the City's portion is \$1,010,000, one third of the project cost. He added this is 2000 bond money. Commissioner Goetz said this is another example of land in east Austin being developed and creating a financial burden for citizens. He said we now have a huge toll road citizens have to pay for and the City is now spending millions on connectors to the toll road.

Motion by: Melissa Hawthorne

Seconded by: Dustin Lanier

Motion: To recommend approval of the interlocal agreement.

Ayes: Bucknall/Harden/Hawthorne/Lanier/Lockler/MacKinnon/Tepper

Nays: Goetz

Abstain: None

Absent: Easton
