

TO MEMBERS OF THE AUSTIN CITY COUNCIL

FROM UNIVERSITY HILLS NEIGHBORHOOD PLANNING TEAM AND  
UNIVERSITY HILLS NEIGHBORHOOD ASSOCIATION

DATE July 26, 2007

RE Postponement of Agenda Items pertaining to University Hills/Windsor  
Park Neighborhood Plan

We respectfully request a postponement of any items related to the University Hills portion of the proposed University Hills/Windsor Park Neighborhood Plan which appear as Items 1, 2 & 4 of the July 26, 2007 City Council agenda. A postponement to the next regularly scheduled session of the City Council is requested.

The reasons for the postponement include the fact that many negotiations have occurred with regard to revisions and corrections to the proposed neighborhood plan, some of which were approved by the Planning Commission. A revised version of the Neighborhood Plan was only available for review by the Planning Team this week on July 24<sup>th</sup>, and there has not been sufficient time for the members of the Planning Team to ensure that all revisions agreed to by Staff and/or recommended by the Planning Commission have been made to that document. In addition, a hard copy of the latest revision of the Neighborhood Plan was not made available to the public at City libraries until yesterday, July 25<sup>th</sup>. Further, an electronic version has not been made available on the City's website for the University Hills/Windsor Park planning process.

We are committed to the ratification by City Council of our Neighborhood Plan, however, we wish to ensure that the version presented to the City Council reflects the agreements that have arisen from negotiations between the University Hills Planning Team and Staff and/or recommendations of the Planning Commission. The postponement request includes any discussion on rezoning recommendations that may be associated with the University Hills portion of the proposed Neighborhood Plan.
