

SECOND / THIRD READINGS SUMMARY SHEET

ZONING CASE NUMBER: C14-2007-0235 - Judges' Hill Neighborhood Association (Portion of Downtown Planning Area) Vertical Mixed Use Building (V) Zoning Opt-in/Opt-Out Process

REQUEST:

Approve second/third readings of an ordinance amending Chapter 25-2 of the Austin City Code by applying Vertical Mixed Use Building (V) zoning regulations to certain tracts within the Judges' Hill Neighborhood Association (Portion of Downtown Planning Area), bounded by Martin Luther King, Jr. Boulevard on the north, West Avenue on the east, 15th Street on the south, and Shoal Creek on the west (Shoal Creek Watershed). Regulations governing Vertical Mixed Use Building dimensional standards; allowable uses for a Vertical Mixed Use Building in office base district zoning; relaxed parking standards for commercial uses in a Vertical Mixed Use Building; and affordability and requirements for Vertical Mixed Use Building developments. First reading approved on January 31, 2008. Vote: 6-1 (Leffingwell voted Nay). Applicant and Agent: Neighborhood Planning and Zoning Department. City Staff: Jorge Rousselin, 974-2975.

DEPARTMENT COMMENTS:

The Judges' Hill Neighborhood Association Area is bounded by Martin Luther King, Jr. Boulevard on the north; 15th Street on the south; West Avenue on the east; and Shoal Creek on the west. On January 31, 2008, the public hearing was closed and the first reading of the ordinance adopting VMU zoning and associated development incentives and making them eligible for the affordable housing density bonus for Tracts 1-4, as presented by staff.

A valid petition at 100% has been filed in opposition to this rezoning request.

APPLICANT: City of Austin, Neighborhood Planning and Zoning Department (NPZD)

DATE OF FIRST READING: January 31, 2008

CITY COUNCIL HEARING DATE: March 20, 2008

CITY COUNCIL ACTION:

January 31, 2008:

The public hearing was closed and the first reading of the ordinance adopting VMU zoning and associated development incentives and making them eligible for the affordable housing density bonus for Tracts 1-4, as presented by staff, was approved on Mayor Pro Tem Dunkerley's motion, Council Member Martinez's second on a 6-1 vote. Council Member Leffingwell voted nay.

ASSIGNED STAFF: Jorge E. Rousselin , e-mail: jorge.rousselin@ci.austin.tx.us

December 11, 2007:

ISSUES: A valid petition at 100% opposition has been filed by property owners in opposition to the Judges' Hill Neighborhood Association recommendation to exclude all four (4) properties from the VMU overlay District .

CITY COUNCIL DATE:**ACTION:**

January 10, 2007

Postponed to January 31, 2008 at the request of Staff

January 31, 2008

The public hearing was closed and the first reading of the ordinance adopting VMU zoning and associated development incentives and making them eligible for the affordable housing density bonus for Tracts 1-4, as presented by staff, was approved on Mayor Pro Tem Dunkerley's motion, Council Member Martinez's second on a 6-1 vote. Council Member Leffingwell voted nay.

February 28, 2008

This item was postponed to March 20, 2008 at the staff's request.

March 20, 2008

STAFF RECOMMENDATION

Staff supports the neighborhood recommendations to exclude the tracts from the VMU overlay district.

The neighborhood recommendation to exclude the subject tracts will encourage the protection of the residential character of the neighborhood.

BACKGROUND

On August 31, 2006, the City Council adopted the "Design Standards & Mixed Use" ordinance as Subchapter E of Chapter 25-2 of the City Code. Most of the provisions of the ordinance went into effect on January 13, 2007. However, a separate process and schedule was established within the ordinance for Vertical Mixed Use.

The VMU Opt-In/Opt-Out process provides an opportunity for neighborhoods to offer recommendations regarding the location and development standards for Vertical Mixed Use Buildings. The primary focus of this process is on property fronting certain major arterials defined as Core Transit Corridors; however, other properties may also be eligible for VMU. With some exceptions, properties fronting on a Core Transit Corridor are eligible for VMU unless "opted-out". Properties not fronting on the Core Transit Corridors are not eligible for VMU unless "opted-in".

As part of the Vertical Mixed Use (VMU) Opt-In/Opt-Out process the city of Austin was divided into approximately 80 neighborhood planning and/or VMU application areas. Over the next several months each of the application areas affected by the VMU process will be the subject of a zoning case. The Planning Commission will review these cases and provide recommendations to the City Council who will make the final determination as to the applicability of VMU. Zoning case C14-2007-0235 is the final step in the Vertical Mixed Use Opt-In/Opt-Out process for the Judges' Hill application area. A more detailed overview of Vertical Mixed Use and the Opt-In/Opt-Out process is provided in Attachment 6.

Representatives of the Judges' Hill Neighborhood Association (JHNA) met May 14, 2007 and submitted a Vertical Mixed Use (VMU) Opt-In / Opt-Out Application to the City on June 4, 2007. Please refer to Attachment A.

- The JHNA recommended excluding all four (4) tracts from the VMU overlay.

Impervious Cover

The maximum impervious cover limits for the proposed zoning districts are as follows:

LI, Limited Industrial Services	80 %
CS, Commercial Services	95 %
CS-1, Commercial – Liquor Sales	95 %
W/LO, Warehouse Limited Office	70%
GR, Community Commercial	90 %
LR, Neighborhood Commercial	80 %
LO, Limited Office	70 %
MH, Mobile Home	N / A
MF-4, Multifamily Residence Moderate – High Density	70%
MF-3, Multi-family Residence (Medium Density)	65 %
MF-2, Multi-family Residence (Low Density)	60 %

SF-6, Townhouse & Condominium Residence	55%
SF-5, Urban Family Residence	55%
SF-3, Family Residence	45 %
SF-2, Single Family Residence – Standard Lot	45 %
P, Public	varies (refer to the <u>Land Development Code</u>)

The maximum amount of impervious cover is determined as the more restrictive figure of the zoning district and watershed class.

Transportation

Additional right-of-way (ROW) necessary for future roadway improvements within the proposed zoning may be required during the subdivision review process or the site plan review process.

Since the rezoning of this area is being initiated by the City of Austin through the neighborhood planning process and does not reflect a specific development proposal, no trip generation calculations are provided on a tract-by-tract basis for any proposed land uses as would typically be provided.

A Traffic Impact Analysis (TIA) will be required during the site plan review stage for any proposed land use that would generate over 2,000 vehicle trips per day. Additional ROW, participation in roadway improvements, and/or limitation on development intensity may also be recommended based on review of the TIA.

Water and Wastewater

The area is served with City of Austin water and wastewater utilities. If water or wastewater utility improvements, or offsite main extension, or system upgrades, or utility relocation, or adjustment are required, the landowner, at own expense, will be responsible for providing. Also, the water and wastewater utility plan must be reviewed and approved by the Austin Water Utility. The plan must be in accordance with the City design criteria. The utility construction must be inspected by the City. The landowner must pay the associated City fees.

Compatibility Standards

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district/use will be subject to compatibility development regulations.

VERTICAL MIXED USE (VMU) OPT-IN/OPT-OUT APPLICATION

The purpose of this application is to provide recommendations on the location and standards for Vertical Mixed Use within the below named area.

Detailed instructions for completing this application can be found by clicking on this link: ftp://coageoid01.ci.austin.tx.us/GIS-Data/planning/CommercialDesign/vmu_instructions.pdf. Please read these instructions prior to completing this application. A "Submittal Checklist" is provided at the end of this document to help ensure that all application materials are included in the neighborhood submittal.

If you have questions or need additional information please contact the VMU Help Line at:

vmu@ci.austin.tx.us

or

(512) 974-2150

1. IDENTIFY YOUR NEIGHBORHOOD PLANNING OR APPLICATION AREA AND PROVIDE THE FOLLOWING INFORMATION:

A. NAME OF NEIGHBORHOOD PLANNING AREA OR VMU APPLICATION

AREA*: **JUDGES HILL NEIGHBORHOOD - DOWNTOWN**

*Note: A map of the Neighborhood Planning and VMU application areas can be found by clicking on this link: <ftp://coageoid01.ci.austin.tx.us/GIS-Data/planning/maps/CommercialDesign/VerticalMixedUseColorMap.pdf>. This map also shows properties within the VMU Overlay District and properties with the MU Combining District that are included in the opt-in/opt-out process.

B. NAME OF NEIGHBORHOOD PLANNING TEAM CHAIR OR NEIGHBORHOOD ASSOCIATION CHAIR AND SECONDARY CONTACT.

OVERVIEW OF VERTICAL MIXED USE (VMU) AND THE VMU OPT-IN/OPT-OUT PROCESS

On August 31st, 2006, the Austin City Council approved a major amendment to the city's development code—the Design Standards and Mixed Use Subchapter, also referred to as the Commercial Design Standards. The majority of the Design Standards provisions went into effect in January 2007. However, a separate process and schedule was established within the ordinance for Vertical Mixed Use (VMU) Buildings. The Design Standards ordinance:

- Defined a new Vertical Mixed Use (VMU) building type and specific development standards for VMU buildings
- Established a process whereby neighborhoods can provide recommendations on the standards and location for VMU buildings (the Opt-In/Opt-Out Process)
- Established locations where VMU buildings may be built
- Defined development standards that may be relaxed to encourage construction of VMU buildings.

WHAT IS A VERTICAL MIXED USE BUILDING?

A Vertical Mixed Use building contains a mix of uses; is designed with pedestrian-oriented spaces on the ground floor; is allowed exemptions from certain site development standards that would otherwise apply; and must contain residential dwelling units—some of which must be offered at certain affordability levels.

NEIGHBORHOOD OPT-IN/OPT-OUT PROCESS

The Opt-In/Opt-Out process provides neighborhood groups the opportunity to make recommendations about potential VMU buildings in their neighborhoods to the Planning Commission and City Council. These recommendations include the location of VMU buildings, the availability of relaxed development standards, and affordable housing levels for VMU buildings. The final decision whether to accept, modify, or reject neighborhood requests rests with the City Council. *See the reverse side of this page for development standards and housing affordability level information.*

“Opt-Out”—Most properties within the VMU Overlay District are eligible for the relaxed development standards/ affordable housing package unless they are “opted-out.” A property is “opted-out” of the VMU Overlay District if a neighborhood recommends and the City Council votes to remove some or all of the relaxed development standards or changes the housing affordability level. The opt-out process also allows neighborhoods to recommend certain properties be entirely removed from the VMU Overlay District. *More information on the VMU Overlay District is provided below.*

“Opt-In”—Properties outside the VMU Overlay District neighborhoods may “opt in” properties with the MU Combining District (e.g. GR-MU) to encourage VMU buildings. Opt-In means a neighborhood recommends whether a property should be eligible for VMU and whether the relaxed development standards/affordable housing should apply. An opt-in recommendation is subject to City Council approval.

POTENTIAL LOCATIONS OF VMU BUILDINGS

The Design Standards ordinance defines two principal locations where VMU Buildings may be permitted:

- The VMU Overlay District
- On properties with the Mixed Use (MU) Combining District—an example would be a property with the zoning of GR-MU (for more zoning information go to http://www.ci.austin.tx.us/zoning/downloads/np_guide.pdf).

The VMU Overlay District, created as part of the Design Standards ordinance, applies to most commercially zoned properties with frontage on a Core Transit Corridor or Future Core Transit Corridor. These Corridors are roadways that have or could have the population density and mix of uses to encourage and support transit use. Core Transit Corridors include many of the major arterial roadways in Austin's urban core such

as South Congress Avenue, Lamar Boulevard, and Riverside Drive. For a complete list of these corridors see *Article 5, Definitions* of the Design Standards ordinance at <http://www.ci.austin.tx.us/planning/designstandards.htm>.

RELAXED DEVELOPMENT STANDARDS FOR VMU BUILDINGS

The opt-in/opt-out process allows neighborhoods to recommend relaxation of certain development standards for VMU buildings: dimensional standards, off-street parking requirements for commercial uses, and additional ground floor commercial uses in office zoning districts.

Dimensional Standards

The Design Standards ordinance uses the term "Dimensional Standards" to refer to the relaxation of specific site development standards for VMU buildings. Relaxing these standards is a way to encourage the construction of VMU buildings while still meeting building height limits and compatibility standards. If approved through the opt-in/opt-out process the following relaxed standards will apply to VMU Buildings.

Note: These Dimensional Standards are a "package" and must be accepted or rejected as such in the opt-in/opt-out process.

Setbacks—No minimum front, street side or interior side yard setbacks;

Floor to Area Ratio—No floor to area ratio (FAR) limit;

Building Coverage—No building coverage limit;

Minimum Site Area—No "minimum site area" requirement (site area requirements limit the number of dwelling units on a site)

Off-Street Parking Requirements for Commercial Uses

Minimum off-street parking for the commercial uses within a VMU building can be reduced to 60% of the normal Land Development Code requirement. Residential uses within a VMU building receive the parking reduction by right and cannot be changed through this process. The parking reduction cannot be used in addition to any other parking reduction allowances such as the one for properties within the Urban Core.

Additional Ground Floor Uses in Office Base District Zoning

If approved through the opt-in/opt-out process consumer convenience services, food sales, general retail sales (convenience or general) and restaurant (limited or general) without drive-in service will be permitted in a VMU Building located in an office zoning district (**NO, LO, GO**). Zoning use information begins on page 45 of the following document: http://www.ci.austin.tx.us/zoning/downloads/np_guide.pdf.

AFFORDABILITY REQUIREMENTS FOR VMU BUILDINGS

If VMU Buildings are approved through the opt-in/opt-out process, and if they take advantage of the dimensional and parking exemptions, they are subject to certain affordability requirements.

Owner-Occupied Units—Five percent of residential units shall be affordable for households earning no more than 80 percent of the Median Family Income (MFI). Five percent of the residential units shall be affordable for households earning no more than 100 percent of the MFI. The affordability period is 99 years.

Rental Units—Ten percent of the residential units shall be affordable for households earning no more than 80 percent of the current MFI. As part of the opt-in/opt-out process, a neighborhood association or neighborhood planning team may request that the affordable rental units be available for renters earning a lower percentage of the median family income, to as low as 60 percent of the median family income. The affordability period is 40 years.

Address of

Rezoning Request: 1809 Pearl; 809 W. Martin Luther King; 1805 West Avenue; and 707 W. Martin Luther King

To: Austin City Council

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than the Vertical Mixed Use Overlay with all related VMU standards.

We oppose the opting out of the above referenced properties by the Judges Hill Neighborhood Association because the MLK Transit Corridor already meets the VMU criteria of population density and mixed uses that will support transit use.
