SECOND / THIRD READINGS SUMMARY SHEET

ZONING CASE NUMBER: C14-2008-0002 – North Loop Planning Area Vertical Mixed Use Building Rezoning

REQUEST:
Conduct a public hearing and approve second/third readings of an ordinance amending Chapter 25-2 of the Austin City Code by amending the boundaries of the VMU Overlay District and/or rezoning selected tracts within the North Loop Neighborhood Planning Area with the vertical mixed use building “V” combining district. The planning area is bounded by IH-35 to the east, 45th St, Red River St, and 51st St to the south, Lamar Blvd to the west, and Koenig Lane on the north. (Tannehill Branch, Waller Creek, and Boggy Creek watersheds)

DEPARTMENT COMMENTS:
There are three core transit corridors within the North Loop Neighborhood Planning Area including: N Lamar Ave, E 51st St., Airport Blvd. The VMU Overlay District includes approximately 66.51 acres. The following is an analysis of the Neighborhood Planning Contact Team (NPCT) recommendations:

- Apply all VMU related standards on 66.51 acres
- Opt in to VMU regulations (all standards apply) to 18.08 acres
- 80% MFI level for 10% of residential units available for rental within a vertical mixed use building

The properties for which a plan amendment is proposed were designated as part of the Vertical Mixed Use Overlay District adopted by City Council on August 31, 2006, or are recommended for being opted into vertical mixed use building zoning (V) by the North Loop Planning Area Contact Team. However, since the North Loop Future Land Use Map does not designate these properties as Mixed Use, a plan amendment to change the FLUM designation to Mixed Use or Office Mixed Use is needed to allow the vertical mixed use building (v) zoning designation to be applied to these properties.

ISSUES: N/A

APPLICANT: City of Austin, Neighborhood Planning & Zoning Department

AGENT: City of Austin, Neighborhood Planning & Zoning Department (Melissa Laursen)

DATE OF FIRST READING: February 14, 2008. The following motions were approved:

- Approved an amendment to the North Loop Neighborhood Plan Future Land Use Map designating Tracts 10, 22, 23, 24B, 103, and 104A as Mixed Use (6-0).
- Approved an amendment to the North Loop Neighborhood Plan Future Land Use Map designating Tracts 21, 24A, and 26 as Office Mixed Use (6-0).
- Approved vertical mixed use building (V) zoning with Dimensional standards, Parking Reduction, and Additional Uses in Office Districts to tracts 1-23, 24A, 24B, and 25-32 (6-0).
- Approved vertical mixed use building (V) zoning with Dimensional Standards, Parking Reduction, and Additional Uses in Office Districts to tracts 101-103, 104A, 104B, 105-106, and 121 (6-0).
- Approved an affordability level of 80% of the median family income for 10% of rental units in a vertical mixed use building (6-0).

CITY COUNCIL HEARING DATE: March 20, 2008

CITY COUNCIL ACTION:

ASSIGNED STAFF: Andrew Holubeck, e-mail: andrew.holubeck@ci.austin.tx.us
ZONING CHANGE AND NEIGHBORHOOD PLAN AMENDMENT
REVIEW SHEET

ZONING CASE: C14-2008-0002 – North Loop Planning Area
Vertical Mixed Use Building (V) Rezonings

PLAN AMENDMENT CASE: NPA-2008-0011.01

P.C. DATE: January 29, 2008

AREA: 40 tracts on 84.59 acres

APPLICANT: City of Austin, Neighborhood Planning and Zoning Department (NPZD)

AGENT: City of Austin, Neighborhood Planning and Zoning Department (NPZD),
Andrew Holubeck

TYPE OF PLAN AMENDMENT:

Change in Future Land Use Map Designation to match Vertical Mixed Use Building zoning recommendation

The proposed amendment would change the land use designation on the North Loop Neighborhood Plan Future Land Use Map for properties shown on the North Loop Planning Area VMU Proposed Plan Amendments Map (Attachment 5) and listed on the North Loop Planning Area VMU Plan Amendments Table (Attachment 6).

PLAN ADOPTION DATE: May 23, 2002

**AREA OF PROPOSED ZONING CHANGES:** The North Loop Neighborhood Planning area is bounded by IH-35 to the east, 45th St, Red River St, and 51st St to the south, Lamar Blvd to the west, and Koenig Lane on the north. Please refer to attachments.

**WATERSHEDS:** Tannehill Branch, Waller Creek, Boggy Creek (urban)

**DESired DEVELOPMENT ZONE:** Yes

**APPLICABLE CORE TRANSIT CORRIDORS:** N Lamar Ave, E 51st St., Airport Blvd.

**STAFF COMMENTS:**

The VMU Overlay District in the North Loop Neighborhood Planning Area includes 66.51 acres. The North Loop Neighborhood Plan Contact Team is recommending applying all vertical mixed use building related standards to all properties within the VMU overlay district. The Contact Team also recommends opting into VMU regulations on approximately 18.08 acres. The net acreage of the Contact Team’s recommendations for properties to be given the Vertical Mixed Use Building (V) zoning designation is about 84.59 acres.

The properties for which a plan amendment is proposed were designated as part of the Vertical Mixed Use Overlay District adopted by City Council on August 31, 2006, or are recommended for being opted into vertical mixed use building zoning (V) by the North Loop Planning Area Contact Team. However, since the North Loop Future Land Use Map does not designate these properties as Mixed Use, a plan amendment to change the FLUM designation to Mixed Use or Office Mixed Use is needed to allow the vertical mixed use building (v) zoning designation to be applied to these properties.

Attachment 8: North Loop Neighborhood Vertical Mixed Use (VMU) Opt-In / Opt-Out Application

Attachment 9: Overview of Vertical Mixed Use (VMU) and the VMU Opt-In/Opt-Out Process

Attachment 10: Planning Commission Comment Forms

PLANNING COMMISSION RECOMMENDATION:

January 29, 2008:

- **RECOMMENDED TO APPROVE AN AMENDMENT TO THE NORTH LOOP NEIGHBORHOOD PLAN FUTURE LAND USE MAP DESIGNATING TRACTS 10, 22, 23, 24B, 103, AND 104A AS MIXED USE.**
- **RECOMMENDED TO APPROVE AN AMENDMENT TO THE NORTH LOOP NEIGHBORHOOD PLAN FUTURE LAND USE MAP DESIGNATING TRACTS 21, 24A, AND 26 AS OFFICE MIXED USE.**
- **RECOMMENDED TO APPROVE VERTICAL MIXED USE BUILDING (V) ZONING WITH DIMENSIONAL STANDARDS, PARKING REDUCTION, AND ADDITIONAL USES IN OFFICE DISTRICTS TO TRACTS 1-23, 24A, 24B, AND 25-32 (8-0).**
- **RECOMMENDED TO APPROVE VERTICAL MIXED USE BUILDING (V) ZONING WITH DIMENSIONAL STANDARDS, PARKING REDUCTION, AND ADDITIONAL USES IN OFFICE DISTRICTS TO TRACTS 101-103, 104A, 104B, 106-106, AND 121 (8-0).**
- **RECOMMENDED TO APPROVE AN AFFORDABILITY LEVEL OF 80% OF THE MEDIAN FAMILY INCOME FOR 10% OF RENTAL UNITS IN A VERTICAL MIXED USE BUILDING (7-0).**

ISSUES: None at this time.

CITY COUNCIL DATE: ACTION:

February 14, 2007: Approved the following motions on 1st Reading:

- Approved an amendment to the North Loop Neighborhood Plan Future Land Use Map designating Tracts 10, 22, 23, 24B, 103, and 104A as Mixed Use (6-0).
• Approved an amendment to the North Loop Neighborhood Plan Future Land Use Map designating Tracts 21, 24A, and 26 as Office Mixed Use (6-0).

• Approved vertical mixed use building (V) zoning with Dimensional standards, Parking Reduction, and Additional Uses in Office Districts to tracts 1-23, 24A, 24B, and 25-32 (6-0).

• Approved vertical mixed use building (V) zoning with Dimensional Standards, Parking Reduction, and Additional Uses in Office Districts to tracts 101-103, 104A, 104B, 105-106, and 121 (6-0).

• Approved an affordability level of 80% of the median family income for 10% of rental units in a vertical mixed use building (6-0).

March 20, 2008:

ORDINANCE READINGS: 1st February 14, 2008  2nd  3rd

PHONE: 974-2054

NEIGHBORHOOD RECOMMENDATION

Please see Attachment 1 for Neighborhood Recommendations.

BACKGROUND

On August 31, 2006, the City Council adopted the “Design Standards & Mixed Use” ordinance as Subchapter E of Chapter 25-2 of the City Code. Most of the provisions of the ordinance went into effect on January 13, 2007. However, a separate process and schedule was established within the ordinance for Vertical Mixed Use.

The VMU Opt-In/Opt-Out process provides an opportunity for neighborhoods to offer recommendations regarding the location and development standards for Vertical Mixed Use Buildings. The primary focus of this process is on property fronting certain major arterials defined as Core Transit Corridors; however, other properties may also be eligible for VMU. With some exceptions, properties fronting on a Core Transit Corridor are eligible for VMU unless “opted-out”. Properties not fronting on the Core Transit Corridors are not eligible for VMU unless “opted-in”.

As part of the Vertical Mixed Use (VMU) Opt-In/Opt-Out process the city of Austin was divided into approximately 80 neighborhood planning and/or VMU application areas. Over
the next several months each of the application areas affected by the VMU process will be the subject of a zoning case. The Planning Commission will review these cases and provide recommendations to the City Council who will make the final determination as to the applicability of VMU. Zoning case C14-2008-0002 is the final step in the Vertical Mixed Use Opt-In/Opt-Out process for the North Loop Neighborhood application area. A more detailed overview of Vertical Mixed Use and the Opt-In/Opt-Out process is provided in Attachment 9.

**Impervious Cover**

The maximum impervious cover limits for the proposed zoning districts are as follows:

<table>
<thead>
<tr>
<th>Zoning District</th>
<th>Impervious Cover Limit</th>
</tr>
</thead>
<tbody>
<tr>
<td>LI, Limited Industrial Services</td>
<td>80 %</td>
</tr>
<tr>
<td>CS, Commercial Services</td>
<td>95 %</td>
</tr>
<tr>
<td>CS-1, Commercial – Liquor Sales</td>
<td>95 %</td>
</tr>
<tr>
<td>W/LO, Warehouse Limited Office</td>
<td>70%</td>
</tr>
<tr>
<td>GR, Community Commercial</td>
<td>90 %</td>
</tr>
<tr>
<td>LR, Neighborhood Commercial</td>
<td>80 %</td>
</tr>
<tr>
<td>LO, Limited Office</td>
<td>70 %</td>
</tr>
<tr>
<td>MH, Mobile Home</td>
<td>N/A</td>
</tr>
<tr>
<td>MF-4, Multifamily Residence Moderate – High Density</td>
<td>70%</td>
</tr>
<tr>
<td>MF-3, Multi-family Residence (Medium Density)</td>
<td>65%</td>
</tr>
<tr>
<td>MF-2, Multi-family Residence (Low Density)</td>
<td>60%</td>
</tr>
<tr>
<td>SF-6, Townhouse &amp; Condominium Residence</td>
<td>55%</td>
</tr>
<tr>
<td>SF-5, Urban Family Residence</td>
<td>55%</td>
</tr>
<tr>
<td>SF-3, Family Residence</td>
<td>45%</td>
</tr>
<tr>
<td>SF-2, Single Family Residence – Standard Lot</td>
<td>45%</td>
</tr>
<tr>
<td>P, Public</td>
<td>varies (refer to the Land Development Code)</td>
</tr>
</tbody>
</table>

The maximum amount of impervious cover is determined as the more restrictive figure of the zoning district and watershed class.

**Transportation**

Additional right-of-way (ROW) necessary for future roadway improvements within the proposed zoning may be required during the subdivision review process or the site plan review process.

Since the rezoning of this area is being initiated by the City of Austin through the neighborhood planning process and does not reflect a specific development proposal, no trip generation calculations are provided on a tract-by-tract basis for any proposed land uses as would typically be provided.
A Traffic Impact Analysis (TIA) will be required during the site plan review stage for any proposed land use that would generate over 2,000 vehicle trips per day. Additional ROW, participation in roadway improvements, and/or limitation on development intensity may also be recommended based on review of the TIA.

**Water and Wastewater**

The area is served with City of Austin water and wastewater utilities. If water or wastewater utility improvements, or offsite main extension, or system upgrades, or utility relocation, or adjustment are required, the landowner, at own expense, will be responsible for providing. Also, the water and wastewater utility plan must be reviewed and approved by the Austin Water Utility. The plan must be in accordance with the City design criteria. The utility construction must be inspected by the City. The landowner must pay the associated City fees.

**Compatibility Standards**

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district/use will be subject to compatibility development regulations.
## VMU Overlay District

<td>X</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

*Tracts 107 through 120 were not intended by the North Loop neighborhood to be opted into VMU, but due to a miscommunication were included as Opt-In parcels in the notice sent out for this case. These tracts are not recommended for VMU by the neighborhood and are therefore not being brought forward as part of this case.

**RECOMMENDED AFFORDABILITY LEVEL FOR 10% OF RESIDENTIAL UNITS FOR RENTAL WITHIN A VERTICAL MIXED USE BUILDING: 80%**

(1) The tract number refers to the numbered tracts on the Vertical Mixed Use (VMU) Tract Map.
(2) Please refer to attached information for explanations of Opt-In and Opt-Out options.

*Tracts 109, 111, 112, 113, and 114 were originally included as part of this VMU-related plan amendment case. However, the North Loop neighborhood never intended for these tracts to be opted into VMU (due to a miscommunication they were included as part of the Opt-In properties in the mailed notice for this case). These tracts have therefore been removed both from the VMU zoning case and the related plan amendment case.

1. The tract number refers to the numbered tracts on the Vertical Mixed Use (VMU) Tract Map
2. Each TCAD Property ID number represents a separate property, as recorded by the Travis Central Appraisal District.
3. The COA Addresses listed for each property are those addresses on file with the city pertaining to that property. If a COA address was not available for a property the TCAD address and/or legal description was used.
VERTICAL MIXED USE (VMU) OPT-IN/OPT-OUT APPLICATION

The purpose of this application is to provide recommendations on the location and standards for Vertical Mixed Use within the below named area.

Detailed instructions for completing this application can be found by clicking on this link: ftp://coageoid01.ci.austin.tx.us/GIS-Data/planning/CommercialDesign/vmu_instructions.pdf. Please read these instructions prior to completing this application. A "Submittal Checklist" is provided at the end of this document to help ensure that all application materials are included in the neighborhood submittal.

If you have questions or need additional information please contact the VMU Help Line at:

vmu@ci.austin.tx.us or (512) 974-2150

1. IDENTIFY YOUR NEIGHBORHOOD PLANNING OR APPLICATION AREA AND PROVIDE THE FOLLOWING INFORMATION:

   A. NAME OF NEIGHBORHOOD PLANNING AREA OR VMU APPLICATION AREA*:

   NORTH LOOP AMENDED

*Note: A map of the Neighborhood Planning and VMU application areas can be found by clicking on this link: ftp://coageoid01.ci.austin.tx.us/GIS-Data/planning/maps/CommercialDesign/VerticalMixedUseColorMap.pdf. This map also shows properties within the VMU Overlay District and properties with the MU Combining District that are included in the opt-in/opt-out process.

B. NAME OF NEIGHBORHOOD PLANNING TEAM CHAIR OR NEIGHBORHOOD ASSOCIATION CHAIR AND SECONDARY CONTACT:

   NEIGHBORHOOD PLANNING TEAM OR NEIGHBORHOOD ASSOCIATION CHAIR CONTACT INFORMATION:

   NAME KERIS SCHLUBERGEMANN, SEC.
   PHONE 964-9127
   E-MAIL KERIS@AUSTIN.COM

   MAILING ADDRESS 5517 LINK AVE, 78751-1221
2. PRINT AND REVIEW THE DETAILED MAPS FOR YOUR AREA

Detailed maps for each application area can be found by going to the map located at the bottom of www.ci.austin.tx.us/planning/verticalmixeduse.htm.

3. IF YOUR AREA HAS PROPERTIES IN THE VMU OVERLAY DISTRICT COMPLETE THE ATTACHED VMU OVERLAY DISTRICT FORM.

See Instructions for VMU Opt-In/Opt-Out Process for more detail.

A blank copy of the VMU Overlay District form is provided below. Please print additional copies as needed.

5. IDENTIFY A RECOMMENDED LEVEL OF AFFORDABILITY FOR FUTURE VMU RENTAL UNITS.

Indicate a level of affordability for residential rental units. The affordability requirements are triggered only when a VMU Building takes advantage of the dimensional standards and parking reductions approved for a site.

Note: A single affordability level applies to all VMU-eligible properties within the application area. See Instructions for VMU Opt-In/Opt-Out Process for more detail.

Recommended Affordability Level for VMU-eligible properties (check one):

- [ ] 80% of median family income
- [ ] 70% of median family income
- [ ] 60% of median family income
- [ ] Other level between 60-80% of median family income

6. PLEASE PROVIDE THE FOLLOWING INFORMATION:

A. The following questions refer to the official vote taken by the Neighborhood Planning Team or Neighborhood Association on the Opt-In/Opt-Out application.

A. Was the vote taken in accordance with the Neighborhood Plan Team or Neighborhood Association by-laws?

Yes [x] No ________

If No, please explain why and how the vote was taken. For example: multiple neighborhood associations were involved with the vote and each association has different by-laws.

OVERVIEW OF VERTICAL MIXED USE (VMU) AND THE VMU OPT-IN/OPT-OUT PROCESS

WHAT IS A VERTICAL MIXED USE BUILDING?

A vertical mixed use building contains a mix of residential and commercial uses. Typically, commercial uses (i.e. retail shops, restaurants, offices) are located on the ground floor, while residential units (condominiums or apartments) are located on upper levels. Below, are some examples of a vertical mixed use building:

![Diagram of a vertical mixed use building with residential and office spaces](image)

WHAT IS THE VERTICAL MIXED USE (VMU) OVERLAY DISTRICT?

In an effort to encourage vertical mixed use buildings, the City Council established a vertical mixed use (VMU) overlay district. The district includes most commercially zoned and used properties along Core Transit Corridors and Future Core Transit Corridors as defined in the Commercial Design Standards. Core Transit Corridors include roadways that have or will have a sufficient population density, mix of uses, and transit facilities to encourage and support transit use. Examples include sections of South Congress Avenue, Riverside Drive, North and South Lamar Boulevard, and Guadalupe Street. Properties within this district have the additional option to develop a vertical mixed use building subject to specific design standards.

WHY VERTICAL MIXED USE BUILDINGS?

- Encourages density on commercial corridors with higher levels of transit service
- Focused on the creation of a high quality pedestrian and transit-supportive environment
- Consistent with Envision Central Texas (ECT) Preferred Scenario
- Provides a more sustainable development pattern

WHAT ARE THE STANDARDS FOR A BUILDING?

- Must have a mix of uses
- Must have pedestrian-oriented spaces on the ground floor
- Must contain residential dwelling units
- Possibility for relaxed site development standards—some of which require a residential affordability component
WHAT ARE THE RELAXED SITE DEVELOPMENT STANDARDS?

**Dimensional Standards**

These dimensional standards listed below are a "package" and must be accepted or rejected as such in the opt-in/opt-out process.

- **Setbacks**—no minimum front, street side or interior side yard setbacks. A setback refers to how far a building must be placed from a particular property line.

- **Floor to Area Ratio**—no floor to area ratio (FAR) limit.

The floor area ratio (FAR) is the principal bulk regulation controlling the size of buildings. FAR is the ratio of total building floor area in relation to the area of its zoning lot. Each zoning district has a FAR control which, when multiplied by the lot area of the zoning lot, produces the maximum amount of floor area allowable in a building on the zoning lot.

For example, on a 10,000 square-foot zoning lot in a district with a maximum FAR of 1.0, the floor area of a building cannot exceed 10,000 square feet.

![Diagram showing FAR=1.0 for different portions of a lot](image)

- **Building Coverage**—no building coverage limit. Most zoning districts place a percentage limit on the amount of a lot that may be covered by a building. This provision would not change the amount of impervious cover allowed on site. Impervious cover is anything that stops water from being absorbed into the ground and includes such things as buildings, driveways, and sidewalks.

- **Minimum Site Area**—no "minimum site area" requirements. Site area requirements limit the number of dwelling units on a site by requiring a certain amount of square footage at a site for a specific type of multi-family unit (efficiency, one-bedroom, two-bedroom, etc.). For example, if a zoning district for a 10,000 square foot lot requires 2,500 square feet for each two-bedroom unit, then four two-bedroom units can be built on that lot.

**Off-Street Parking Reduction**

Minimum off-street parking for the commercial uses within a VMU building can be reduced to 60% of the normal Land Development Code requirements. Residential uses within a VMU building receive this parking reduction by right and cannot be changed through this process. The parking reduction cannot be used in addition to any other parking reduction allowances.
such as the one for properties within the Urban Core. Below are some typical uses and the amount of parking required.

- A small restaurant or bar, billiard parlor—one space per 100 sq/ft of floor space
- Convenience Store, bank, bowling alley, liquor store, barber shop, yoga studio, pet shop—one space per 275 sq/ft of floor space
- Furniture or carpet store—one space per 500 sq/ft of floor space

**Additional Ground Floor Commercial Uses in Office Districts**

If approved through the opt-in/opt-out process, the following commercial uses will be allowed in a VMU building in an office zoning district (**NO, LO, GO**):

- Consumer convenience services (allows private postal boxes, safety deposit boxes, and ATMs)
- Food Sales (allows grocery stores, delicatessens, meat markets, retail bakeries, and candy shops),
- General Retail Sales Convenience and General (allows a full range of retail establishments)
- Restaurants Limited and General (without drive-thrus).

Zoning use information can be found starting on page 45 of the following document:

**WHAT IS THE OPT-IN/OPT-OUT PROCESS?**

The City Council established a one-time process whereby neighborhoods provided recommendations on the location and the development characteristics of Vertical Mixed Use (VMU) buildings. Application materials were sent to each registered neighborhood planning team, or neighborhood association if there was not an established planning team.

The Neighborhood Planning & Zoning Department is currently in the process of reviewing the application submittals and forwarding the neighborhood recommendations to Planning Commission and City Council. The Planning Commission reviews the neighborhood requests and forwards a recommendation to City Council. After considering the Neighborhood's and Planning Commission's recommendations, the City Council makes a decision on the vertical mixed use application.

**WHAT TYPES OF RECOMMENDATIONS CAN BE MADE BY THE NEIGHBORHOOD?**

1) Amend the boundaries of the vertical mixed use overlay district to remove a property from the overlay district. If a property is removed from the overlay district, a vertical mixed use building is not permitted on the property.

2) Allow for the vertical mixed use building option on properties outside of the VMU Overlay. A neighborhood can recommend to opt-in a commercially zoned property with any of the relaxed dimensional standards.

3) VMU Overlay District Opt-Out—the neighborhood can recommend to remove some or all of the relaxed site development standards to the VMU eligible properties within the overlay district.
4) Affordability Level—If VMU Buildings are approved through the opt-in/opt-out process and take advantage of the dimensional and parking exemptions they are subject to certain affordability requirements.

**Owner-Occupied Units**—Five percent of residential units shall be affordable for households earning no more than 80 percent of the current Median Family Income (MFI). Five percent of the residential units shall be affordable for households earning no more than 100 percent of the MFI. The affordability period is 99 years.

**Rental Units**—Ten percent of the residential units shall be affordable for households earning no more than 80 percent of the current MFI. As part of the opt-in/opt-out process, a neighborhood association or neighborhood planning team may request that the affordable rental units be available for renters earning a lower percentage of the median family income. This percentage can range from 80% to as low as 60 percent of the median family income. The affordability period is 40 years.

**OTHER FREQUENTLY ASKED QUESTIONS:**

**DO I HAVE TO BUILD A VERTICAL MIXED USE BUILDING IF I GET REZONED THROUGH THE OPT-IN/OPT-OUT PROCESS?**

The vertical mixed use combining district adds an additional development option to a property. Any property owner that gets their property rezoned through the opt-in/opt-out process to add the vertical mixed use building "V" combining district will still have the right to (re)develop under their existing base zoning district.

**HOW HIGH CAN A VERTICAL MIXED USE BUILDING BE BUILT?**

A vertical mixed use building cannot be built any higher than the base zoning district. For example, if your zoning is GR-V (community commercial-vertical mixed use building-combining district), the height limit would be 60 feet which is permitted under GR zoning.

**IF THERE IS NO MINIMUM FRONT, STREET SIDE OR INTERIOR SIDE YARD SETBACKS CAN A VMU BUILDING BE BUILT RIGHT ON MY PROPERTY LINE?**

The City of Austin requires compatibility standards to help minimize negative impacts between low-intensity and high-intensity uses. Any lot zoned for condominium, multifamily, office, commercial, or industrial uses must comply with compatibility standards if it is adjacent to, across the street from, or within 540 feet of a single-family zoning district or use.

**HOW WILL I KNOW IF/WHEN A VERTICAL MIXED USE BUILDING IS BEING CONSTRUCTED?**

Any property owner/developer who chooses to construct a vertical mixed use building must submit a site plan to the City. Site plans approval requires a public hearing before the Planning Commission. All property owners and registered neighborhood organizations within 300 feet of a proposed vertical mixed use development will be notified of the public hearing via US Mail.
WHAT CAN I DO IF I DO NOT AGREE WITH THE NEIGHBORHOOD RECOMMENDATION?

The Opt-In/Opt-Out process includes two public hearings, first at Planning Commission and then at City Council. If you do not agree with the neighborhood recommendations you can submit a public comment form or email the zoning case manager with your comments. All comments will be forwarded to both Planning Commission and City Council. There is also an opportunity to attend the public hearings and state your comments directly to the Commissioners and City Council members.

HOW CAN I GET A VMU BUILDING ON MY PROPERTY IF I AM NOT IN THE OVERLAY DISTRICT?

Any property owner can apply for a rezoning of their property to add the vertical mixed use building "V" combining district. The Planning Commission reviews the applicant's request and forwards a recommendation to City Council.

IF THERE IS NOT A MINIMUM BUILDING COVERAGE REQUIREMENT, ARE THERE ANY OTHER LIMITATIONS ON BUILDING COVERAGE ON A LOT?

The City's impervious cover limits and compatibility standards will still apply.

WHERE CAN I FIND MORE INFORMATION ABOUT THE COMMERCIAL DESIGN STANDARDS AND VMU?

http://www.ci.austin.tx.us/planning/verticalmixeduse.htm
parking reduction must meet certain affordable housing requirements. There are different affordability requirements for ownership and rental units.

Affordability Requirements for For-Sale Residential Units
• Five percent of the residential units shall be reserved as affordable, for not less than 99 years for households earning no more than 80 percent of the current Median Family Income (MFI).
• In addition, five percent of the residential units shall be reserved as affordable, for not less than 99 years for households earning no more than 100 percent of the current MFI.

Affordability Requirements for For-Rent Residential Units
• Ten percent of the residential units shall be reserved as affordable, for a minimum of 40 years for households earning no more than 80 percent of the current MFI. The City Council may set the affordability requirement between 80 percent Median Family Income (MFI) and 60 percent MFI for rental units.

To Whom It May Concern,

The city of Austin is determined to grow every neighborhood. You can't get from here to there now and you want to add more cars. We have been dealing with traffic in this area. I hope you will stop such plans and give us enough money to do it. They need it.

Dorothy Ryder

Hello,

I am writing in regards to the zoning changes in the North Loop Planning Area on tonight's agenda:

Neighborhood Plan Amendment: NPA-2008-0011.01 - North Loop Neighborhood Planning Area - Vertical Mixed Use Building

I am a community member and very active in my neighborhood association, Skyview Neighborhood Association, that borders this area in question, on the north bank of Koenig Lane.

I am in full support of the rezoning of these lots to VMU. Please let the planning commissioner know of my support and please support this rezoning. These rezonings will help us to attract more density and more mixed-use destinations that are within walking distance of many residents and well served by bus lines and the future commuter rail. This is something which is sorely lacking in our neighborhood currently and forces many neighbors feel that they must get in their cars and drive to other areas for basic services, entertainment and recreation. The VMU zoning could help change this situation.

Thank you,
Martin Thomen
Skyview Neighborhood Association

RE: File # C14-2008-0033 Planning Commission Hearing Date: February 26, 2008

Dear Mr. Holubeck:

This letter has been written in response to the City’s notice dated February 15, 2008, regarding the Vertical Mixed Use Building zoning and Vertical Mixed Use overlay. Our community comprises 26 condominium units in a townhouse style addressed from 7134 Chimney Corners through 7220 Chimney Corners. Each unit is owned individually.

At a meeting of our Board of Directors held Wednesday, February 20, 2008, the Board resolved that I would write this letter to the City on behalf of our Council of Co-Owners to inform the City that our community is opposed to any structures being permitted to be built on Tracts 2, 3, and 4 as shown on the map provided in the notice, that are taller than any of the structures already constructed and in use. To allow any buildings to be built on those tracts that are taller than any of the existing buildings on those tracts would negatively impact our community’s quality of life and property value.

Sincerely,

Austin Chimney Corners Townhouses Council of Co-Owners, Inc.

By: Martha Vogt, Secretary

INFORMATION ON PUBLIC HEARINGS

THE NEIGHBORHOOD PLANNING AND ZONING DEPARTMENT HAS FILED AN APPLICATION TO IMPLEMENT THE VERTICAL MIXED-USE (VMU) LAND USE REGULATIONS. THIS NOTICE HAS BEEN MAILED TO YOU BECAUSE YOU OWN PROPERTY WITHIN 300 FEET OF A VMU ELIGIBLE PROPERTY OR YOU ARE A CONTACT PERSON FOR A NEIGHBORHOOD ORGANIZATION WHOSE BOUNDARIES INCLUDE A VMU ELIGIBLE PROPERTY.

This request for zoning/rezoning will be reviewed and acted upon at two public hearings: First, before the Planning Commission and then before the City Council. After a public hearing, the Planning Commission reviews and evaluates City staff recommendation and public input and then sends its own recommendation on the proposed VMU land use regulations to the City Council. Meeting dates and locations are shown on this notice.

During its public hearing, the board or commission may postpone or continue an applicant's hearing to a later date. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

Doss school is already overcrowded. Traffic on Far West is fast and heavy now. Do you always have to ruin existing neighborhoods?
