In accordance with the provisions of Section 1371.056, Texas Government Code, as amended, the City Manager or the Chief Financial Officer of the City (either, the "Pricing Officer") is hereby authorized act on behalf of the City to determine whether and when, and with respect to what notional amounts and principal amounts, as applicable, and on what terms (subject to the parameters provided below) to cause the City to enter into the Credit Agreements (hereinafter defined).

(1) the term of the Credit Agreements shall not extend beyond the stated maturity of the Bonds;

(2) the notional amount of the Interest Rate Management Agreement shall not exceed \$175,000,000;

(3) the principal amount of the Liquidity Agreement shall not exceed \$175,000,000;

(4) the fixed rate of interest paid by the City under the Interest Rate Management Agreement shall not exceed 4.00%;

(5) the rate of interest under the Liquidity Agreement shall under no calculations exceed the maximum lawful rate in the State of Texas;

(6) such Interest Rate Management Agreement shall provide for the reduction in notional amount equivalent to the reduction in outstanding principal amount of the Bonds after the same have been issued and once the outstanding principal amount of the Bonds has been reduced to an amount, equal to or less than the original notional amount and in all events in accordance with the amortization schedule to be approved by the Pricing Officer and set forth as an attachment to the Interest Rate Management Agreement;

(10) the cost of credit enhancement obtained in relation to the Interest Rate Management Agreement, if any, shall result in present value debt service savings of at least 5.25%, net of any contribution by the City.

The obligations of the Hedge Counterparty to the City are hereby pledged as additional security for the obligations of the City that are secured by the Net Revenues, and the payments from the Hedge Counterparty to the City are hereby declared to constitute Gross Revenues.

SECTION 3: ISSUANCE OF CREDIT AGREEMENTS. The City has provided certain criteria and established certain covenants and agreements in relation to the issuance of Credit Agreements payable from Net Revenues of the Water/Wastewater System pursuant to the Master Ordinance and Prior Supplements. This Fourteenth Supplement provides for the authorization, issuance, sale, delivery, form, characteristics, provisions of payment, and security of the Credit Agreements, which Credit Agreements constitute "Credit Agreements" in accordance with the Master Ordinance and Prior Supplements.

The Scheduled Hedge Payments and Liquidity Payments shall constitute Parity Water/Wastewater Obligations in accordance with the Master Ordinance, Prior Supplements, and this Fourteenth Supplement. The Scheduled Hedge Payments and any other payment owed by the City under the Interest Rate Management Agreement including, but not limited to, payments owed as a result of its termination (herein referred to as a "Termination Payment") and Liquidity Payments shall be payable from and secured by the Net Revenues; provided, however, that the Termination Payments are subordinated as provided in Section 5 of this Fourteenth Supplement. The Master Ordinance is incorporated herein by reference and made a part hereof for all purposes, except to the extent modified and supplemented by the Prior Supplements and this Fourteenth Supplement. The City Council hereby finds and determines that it will have sufficient Gross Revenues to meet the obligations of the Water/Wastewater System, including sufficient Net Revenues to satisfy the Annual Debt Service Requirements of the Previously Issued Parity Water/Wastewater Obligations and to meet all financial obligations (i.e., the "Scheduled Hedge Payments," "Liquidity Payments" and "Termination Payments") of the City under the Credit Agreements relating to the Water/Wastewater System.

SECTION 4: TERMINATION OF INTEREST RATE MANAGEMENT AGREEMENT. The City currently intends to issue the Bonds in a variable rate interest mode and to maintain in effect the Interest Rate Management Agreement. If, however the City does not, prior to, on, or within 120 days after the effective date of the Interest Rate Management Agreement, issue the Bonds in one or more series in an aggregate original principal amount equal to or greater than the notional amount of the Interest Rate Management Agreement and rated as required to be an "obligation" as defined in Texas Government Code, 1371.001(5), as amended, then the City shall promptly exercise its option reserved in the Interest Rate Management Agreement to terminate or reduce the resulting notional amount of the Interest Rate Management Agreement to achieve the result that the notional amount, if any, of the Interest Rate Management Agreement does

not exceed the original principal amount of the Bonds that are issued. In addition to such required full or partial termination of the Credit Agreement, to the extent the Chief Financial Officer may deem advisable he or she may, and the City Council hereby delegates to such person the authority to, at any time terminate in whole or in part the Interest Rate Management Agreement as permitted thereby; provided appropriate documentation is furnished the City Manager and City Attorney evidencing the amount or payment owed by the City, if any, as a result of such termination and that such amount can be paid from available funds of the City (including, without limitation, proceeds of bonds issued for such purpose) without a budget amendment, or should such termination payment require City Council action by a budget amendment or otherwise, obtaining City Council approval prior to its termination.

SECTION 5: **PLEDGE.**

(a) Scheduled Hedge Payments. Subject to the prior claims and liens on the Net Revenues of the Water/Wastewater System to the payment and security of the Prior First Lien Obligations currently Outstanding, including the funding and maintenance of the special funds established and maintained for the payment and security of such Prior First Lien Obligations, the Net Revenues of the Water/Wastewater System are hereby pledged to the payment of the Scheduled Hedge Payments. The Scheduled Hedge Payments, together with the Prior Subordinate Lien Obligations and the Previously Issued Separate Lien Obligations currently outstanding and the Parity Water/Wastewater Obligations, shall be equally and ratably secured by a parity lien on and pledge of the Net Revenues of the Water/Wastewater System in accordance with the terms of the Master Ordinance, the Prior Supplements, and this Fourteenth Supplement. Additionally, the Scheduled Hedge Payments and payments due for the payment of the Parity Water/Wastewater Obligations shall be equally and ratably secured by a lien on the funds, if any, deposited to the credit of the Debt Service Fund in accordance with the terms of the Master Ordinance, the Prior Supplements and this Fourteenth Supplement.

(b) Liquidity Payments. Subject to the prior claims and liens on the Net Revenues of the Water/Wastewater System to the payment and security of the Prior First Lien Obligations currently Outstanding, including the funding and maintenance of the special funds established and maintained for the payment and security of such Prior First Lien Obligations, the Net Revenues of the Water/Wastewater System are hereby pledged to the payment of the Liquidity Payments. The Liquidity Payments, together with the Prior Subordinate Lien Obligations and the Previously Issued Separate Lien Obligations currently

outstanding and the Parity Water/Wastewater Obligations, shall be equally and ratably secured by a parity lien on and pledge of the Net Revenues of the Water/Wastewater System in accordance with the terms of the Master Ordinance, the Prior Supplements, and this Fourteenth Supplement. Additionally, the Liquidity Payments and payments due for the payment of the Parity Water/Wastewater Obligations shall be equally and ratably secured by a lien on the funds, if any, deposited to the credit of the Debt Service Fund in accordance with the terms of the Master Ordinance, the Prior Supplements and this Fourteenth Supplement.

(c) Termination Payment. Subject to the prior claims and liens on the Net Revenues of the Water/Wastewater System to the payment and security of (i) the Prior First Lien Obligations, Prior Subordinate Lien Obligations and Previously Issued Separate Lien Obligations currently Outstanding, including the funding and maintenance of the special funds established and maintained for the payment and security of such obligations, and (ii) the "Commercial Paper Obligations" (as defined and identified in the Master Ordinance), the Net Revenues of the Water/Wastewater System are hereby pledged to the payment of the Termination Payment, if any, owed by the City pursuant to the Credit Agreement. Subject to the prior claims and liens on the Net Revenues of the Water/Wastewater System securing the payment of the Prior First Lien Obligations and Commercial Paper Obligations, the Termination Payment, if any, owed by the City under the Credit Agreement shall be secured by a lien on and pledge of the Net Revenues of the Water/Wastewater System in accordance with the terms of this Fourteenth Supplement.

(d) Security for Payments. The Scheduled Hedge Payments, the Liquidity Payments and the Termination Payment are and will be secured by and payable only from the Net Revenues of the Water/Wastewater System as herein provided, and are not secured by or payable from a mortgage or deed of trust on any properties, whether real, personal, or mixed, of the Water/Wastewater System or by a lien on or security interest in funds or obligations held by the Reserve Fund maintained for other Parity Water/Wastewater Obligations. The Hedge Counterparty or Liquidity Provider shall never have the right to demand payment from funds raised or to be raised by taxation, or from any source other than specified in this Fourteenth Supplement.

(e) Perfection of Security Interest. It is hereby ordained that the Credit Agreements, and the Scheduled Hedge Payments due thereon, the Liquidity Payments due thereon and the Termination Payment, if due, shall constitute a lien on the Net Revenues of the City's Water/Wastewater System in accordance with

the terms of this Fourteenth Supplement and be valid and binding and fully perfected from and after the later of the date of adoption of this Fourteenth Supplement or the date the proceedings relating to approval, execution and delivery of the Credit Agreements are registered by the Comptroller of Public Accounts of the State of Texas, without physical delivery or transfer or transfer of control of the Net Revenues, the filing of this Fourteenth Supplement or any other act; all as provided in Section 1371.105 of the Texas Government Code. Section 1371.105, Texas Government Code, applies to the issuance of the Credit Agreements and the pledge of the Net Revenues of the City's Water/Wastewater System granted by the City under this Section 5, and such pledge is therefore valid, effective and perfected at the time specified herein. If Texas law is amended at any time while the Credit Agreements are Outstanding such that the pledge of the Net Revenues of the City's Water/Wastewater System granted by the City under this Section 5 is to be subject to the filing requirements of Chapter 9, Business & Commerce Code, then in order to preserve to the Hedge Counterparty the perfection of the security interests in said pledge, the City agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Chapter 9, Business & Commerce Code and enable a filing to perfect the security interests in said pledge to occur.

SECTION 6: DEBT SERVICE FUND. By reason of the issuance of the Credit Agreements, the City need not establish any special accounts within the Debt Service Fund and following the delivery of such Credit Agreements, the City hereby agrees and covenants to cause to be deposited to the credit of the Debt Service Fund an amount equal to one hundred percent (100%) of the amount required to fully pay the Scheduled Hedge Payments or Liquidity Payments owed under the Credit Agreements, falling due on or before each payment date, and such deposits shall be made on such payment dates in amounts needed (or reasonably expected to be needed) to pay the City's Scheduled Hedge Payments or Liquidity Payments due under the Credit Agreements.

If on any date a Scheduled Hedge Payment or Liquidity Payment is due there is insufficient money in the Debt Service Fund to make such payment, the City shall deposit to the Debt Service Fund and thereafter transfer to the applicable payee or paying agent, but solely from and to the extent of available Net Revenues, sufficient money to make or complete such payment.

The required deposits to the Debt Service Fund for the payment of Scheduled Hedge Payments and Liquidity Payments, as applicable, shall continue to be made in the manner provided herein until such time as (i) the total amount on deposit in the Debt Service Fund is equal to the amount required to fully pay and

discharge all Parity Water/Wastewater Obligations then Outstanding or (ii) the Credit Agreements have been retired or terminated in accordance with its terms without further obligation on the part of the City.

The City shall deposit to the Debt Service Fund all money received from the Hedge Counterparty, except for payments received upon any Termination of the Interest Rate Management Agreement.

The City may establish and utilize such accounts within the Debt Service Fund as it may, from time to time, deem appropriate.

SECTION 7: RESERVE FUND. The provisions of Section 8 of the Master Ordinance relating to the Reserve Fund are hereby incorporated by reference and made a part hereof as if the same were restated in full in this Section.

In accordance with paragraph (f) of Section 8 of the Master Ordinance, neither the Scheduled Hedge Payments nor the Termination Payments shall be secured by or entitled to payment from the Reserve Fund.

SECTION 8: PAYMENT OF CREDIT AGREEMENTS. The City shall cause to be paid (i) the Scheduled Hedge Payments when due from the Debt Service Fund to the Hedge Counterparty when and as the same shall become due and payable, (ii) the Liquidity Payments when due from the Debt Service Fund to the Liquidity Provider when and as the same shall become due and payable, and (iii) the Termination Payment, if any, owed by the City from available pledged Net Revenues of the Water/Wastewater System, or from other available sources, in a timely manner when and if the same should become due and payable in accordance with provisions of the Credit Agreements.

SECTION 9: AMENDMENT. This Fourteenth Supplement shall constitute a contract with the Hedge Counterparty and Liquidity Provider to the Credit Agreements from and after execution and delivery of the Credit Agreements. The City shall not amend, repeal, or otherwise modify any provision of this Fourteenth Supplement or the Fifteenth Supplement, the Master Ordinance or the Prior Supplements in a manner that adversely affects the interests of the Hedge Counterparty or Liquidity Provider without the consent of such person.

SECTION 10: REMEDY IN EVENT OF DEFAULT. In addition to all rights and remedies provided by the laws of the State of Texas, the City covenants and agrees particularly that in the event the City (a) defaults in payments to be made to the Debt Service Fund as required by this Fourteenth Supplement or the Master Ordinance or to be made pursuant to the Credit Agreements, (b)

defaults in the observance or performance of any other of the covenants, conditions or obligations set forth in this Fourteenth Supplement or the Master Ordinance or under the terms of the Credit Agreements or (c) the City declares bankruptcy, the Hedge Counterparty and the Liquidity Provider shall be entitled to a writ of mandamus issued by a court of proper jurisdiction, compelling and requiring the City and its officers to observe and perform any covenant, condition or obligation prescribed in this Fourteenth Supplement or the Master Ordinance or under the terms of the Credit Agreements. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power, or shall be construed to be a waiver of any such default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient.

The specific remedy herein provided shall be cumulative of all other existing remedies and the specification of such remedy shall not be deemed to be exclusive.

SECTION 11: PAYMENT AND PERFORMANCE ON BUSINESS DAYS. Whenever under the terms of this Fourteenth Supplement or the Bonds, the performance date of any provision hereof or thereof, including the payment of a Scheduled Hedge Payment, Liquidity Payment or Termination Payment, shall occur on a day other than a Business Day then the performance thereof, including the payment of a Scheduled Hedge Payment, Liquidity Payment or Termination Payment, need not be made on such day but may be performed or paid, as the case may be, on the next succeeding Business Day with the same force and effect as if made on the date of performance or payment. For purposes of this Fourteenth Supplement, the term "Business Day" shall have the meaning provided therefor in the applicable Credit Agreement.

SECTION 12: LIMITATION OF BENEFITS WITH RESPECT TO THIS FOURTEENTH SUPPLEMENT. With the exception of the rights or benefits herein expressly conferred, nothing expressed or contained herein or implied from the provisions of this Fourteenth Supplement or the Credit Agreements is intended or should be construed to confer upon or give to any person other than the City, the Hedge Counterparty and the Liquidity Provider, any legal or equitable right, remedy, or claim under or by reason of or in respect to this Fourteenth Supplement or any covenant, condition, stipulation, promise, agreement, or provision herein contained. This Fourteenth Supplement and all of the covenants, conditions, stipulations, promises, agreements, and provisions hereof are intended to be and shall be for and inure to the sole and exclusive benefit of the City, the Hedge Counterparty and the Liquidity Provider as herein and therein provided, as applicable.

SECTION 13: NOTICES TO HEDGE COUNTERPARTY AND LIQUIDITY PROVIDER - WAIVER. Wherever this Fourteenth Supplement provides for notice to the Hedge Counterparty or Liquidity Provider of any event, such notice shall be sufficiently given (unless otherwise herein expressly provided) if given pursuant to the notice provisions of the applicable Credit Agreement.

Where this Fourteenth Supplement provides for notice in any manner, such notice may be waived in writing by the Hedge Counterparty and Liquidity Provider entitled to receive such notice, either before or after the event with respect to which such notice is given, and such waiver shall be the equivalent of such notice.

SECTION 14: GOVERNING LAW. This Fourteenth Supplement shall be construed and enforced in accordance with the laws of the State of Texas and the United States of America.

SECTION 17: SEVERABILITY. If any provision of this Fourteenth Supplement or the application thereof to any circumstance shall be held to be invalid, the remainder of this Fourteenth Supplement and the application thereof to other circumstances shall nevertheless be valid, and the City Council hereby declares that this Fourteenth Supplement would have been enacted without such invalid provision.
