10 BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:
11

12 **PART 1.** The city council makes the following findings:

- 13 (A) The basic purpose of mobile billboards is to display commercial advertising on
14 public streets. By their nature, mobile billboards are intended to attract the
15 attention of citizens on public streets and adjacent right-of-way, including drivers,
16 pedestrians, bicyclists, and others.
- 17 (B) Vehicles that display commercial advertising from a mobile platform, which can
18 stop, start, and turn abruptly, accentuate the tendency of commercial advertising to
19 seize attention and distract drivers and pedestrians.
- 20 (C) The use of motor vehicles to display commercial advertising creates exhaust
21 emissions and adds to traffic congestion by placing additional motor vehicles on
22 City streets for the sole purpose of advertising. Air quality in the City of Austin
23 metropolitan planning area has deteriorated such that the area may be categorized
24 as a “non-attainment” area in the near future under Environmental Protection
25 Agency regulations.
- 26 (D) For these reasons, mobile billboards create aesthetic blight and visual clutter, as
27 well as potential and actual traffic, health, and safety hazards. Prohibiting mobile
28 billboards will promote the public health, safety and welfare of motorists,
29 pedestrians, bicyclists and others using public streets and roadways in the City and
30 adjoining areas, by eliminating aesthetic blight and visual clutter and potential
31 traffic and safety hazards caused by the operation of mobile billboards. A
32 prohibition will also reduce traffic congestion and exhaust emissions by
33 eliminating an emission source that requires and encourages continuous and
34 extensive operation of motor vehicle engines. Finally, a prohibition of mobile

billboards will protect the public investment in and the character and dignity of the City's streets.
