NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

The City Manager is directed to conduct a feasibility study for combining the functions of the Cultural Affairs Division of the Parks and Recreation Department with the Cultural Contracts Funding Program, Art in Public Places Program, and Civic Arts Program of the Cultural Arts Division from Economic Growth and Redevelopment Services Office into a new City Department of Arts and Culture that will leverage available resources and raise the significance of arts and culture within the City of Austin, and

In determining the feasibility of the creation of the new City department, it is understood that all programs and activities related to music and film that are not specifically part of the Cultural Funding Programs, Art in Public Places Program, and Civic Arts Program will be maintained within EGRSO and kept separate from the new City Department of Arts and Culture; and

Should the City Manager determine that creating a Department of Arts and Culture is feasible, the City Manager is directed to return to Council with an implementation strategy for Council approval.
