Property ID / Ref ID: 220880 / 02222101170000

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would rezone the property to any zoning higher than the currently zoned SF-6.

REASONS FOR PROTEST: The seller and/or buyer proposes to have the property rezoned from the single-family (SF-6) zoning designated as part of the Neighborhood Plan rezoning in September 2007 to multifamily (MF-3), as the buyer proposes to construct a 110-unit Single Room Occupancy apartment complex on the site. We believe this is an unsuitable use for this location, which would neither preserve nor enhance the character of the neighborhood(s).
