The City entered into an interlocal agreement with Travis County for the development of the referenced Project, which provides:

2.(e) A City permit and associated fees shall be required only for any part of the Project within the City's full purpose corporate limits. The application review process and fees for any such permit shall be the same as the process and fees that the City applies to its own road projects.

In an effort to expedite the development of this Project, the developer of the Project, under a development agreement with Travis County, paid the following fees for which it has requested reimbursement:

Completeness Check Fee - \$200  
Site Development Permit Fee - \$1,557  
Cut/fill Waiver Fee - \$495  
Total = \$2,252.

The reimbursement of the fees would be consistent with the intent of the City as set forth in paragraph 2.(e) of the Interlocal.
