Mayor's Office,
Austin, Texas, June 29th 1898.

To the Hon. City Council:

Gentlemen:-

I return herewith, the Ordinance passed by your Honorable body, on the 20th of June, 1898, entitled "An Ordinance appropriating the sum of \$922 for the purpose of building bridge on West 2nd & West 5th Streets at the intersection of Congress Avenue, with my disapproval thereof, for the following reasons:

It is the policy of this administration, to keep the disbursements for the fiscal year, within the receipts, as required by the City Charter.

The taxes are not being collected as fast as they should be, as is evidenced by the fact, that the City Treasurer has now registered some \$2,099.05 in City Warrants, that he cannot pay, for want of funds.

Section 106, of the City Charter requires the Council to adopt an estimate of the possible income for the General Fund, during the fiscal year, and also the expenditures to run the City government.

Section 107, of the City Charter reads as follows: "That after the adoption of the said estimate, it shall be unlawful for the City Council to so appropriate sums out of the General Funds as to reduce the General fund below the amount which, if said estimate be taken as correct, will pay the said estimated expenses of the City government for the pending fiscal year."

As required by Sec. 106, the Council adopted a budget or estimate, as follows:
Receipts \$84,850.00 Expenditures \$103,419.15.

This estimate gives an excess of expenditures over receipts, of \$18,569.15.

There was no provision made for bridges, or work on Streets in this estimate. As I see no way with the present light before me, to pay for these bridges, without creating a deficiency which the Charter forbids, I am constrained to withhold my approval of the ordinance.

Respectfully,

Geo. D. McCall, Mayor.

The motion was then put, "shall the veto of the Mayor be sustained" and the veto was sustained by the following vote:

Yeas Aldermen Beatty, Haynes, Kuhn, McLenore, Platt, Rosengren, Shelley, Stumpff, Taylor and Townsend 10.
