**Prior Council Action:** March 23, 2006 - The City Council approved townhouse and condominium residence-conditional overlay (SF-6-CO) combining district zoning.

---

On March 23, 2006, the City Council approved a zoning change from Interim-family residence (I-SF-3) district zoning to townhouse and condominium residence-conditional overlay (SF-6-CO) combining district zoning for the telecommunication tower footprint located at 4919 Spicewood Springs Road.

The zoning map incorrectly identified the base zoning district as SF-6-CO for the footprint property at 4919 Spicewood Springs Road and the property immediately to its north and west. This north and west adjacent property was not rezoned and remains I-SF-3. A correct zoning map will be included with the correction ordinance to rectify this error.
