During the planning process, community stakeholders expressed a desire to locate mix of uses where existing infrastructure exists and along commercial corridors. Monterey Oaks Boulevard is one of the few areas that could become a pedestrian-friendly mixed use corridor in the planning area. Therefore, staff recommends mixed use land use due to its location and fairly large size of the tracts.</p>	<p style="text-align: center;">(Not Known)</p>	<p>Save Oak Hill Group Recommendation <i>Multi Family Land Use</i></p>	<p>4 for 1st reading 5 for all three readings</p>

	CS-CO 6302 Hwy 290 Plant Nursery 6300 Hwy 290 Log Cabin GR-H 6266 Hwy 290 (Austin Pizza Garden) GR-CO 6254 Hwy 290	<i>Neighborhood Commercial Land Use</i>	<i>Neighborhood Commercial Land Use</i> The subject tract is located completely within the Critical Water Quality Zone and within the Recharge Zone of Edwards Aquifer. Staff recommendation is for lower intensity Neighborhood Commercial because of the tract's location within the Critical Water Quality Zone and frontage on US Highway 290. Neighborhood commercial land use would allow for low intensity commercial uses on the tract given its location along the highway and within the Critical Water Quality Zone.	<i>Mixed Use Land Use</i>	Property Owner Recommendation <i>Mixed Use Land Use</i>	4 for 1st reading 5 for all three readings
	<i>Commercial, Office</i> CS-CO 5440, 5524, 5500, 5510 Hwy 290 Warehouse, Burke-Evans Hot Tubs, Auto Parts, Affordable Portables CS 5508 Hwy 290 Office	<i>Neighborhood Commercial Land Use</i>	<i>Neighborhood Commercial Land Use</i> GR-CO These tracts are within the Recharge Zone of Edwards Aquifer and therefore are proposed for a lower intensity neighborhood serving commercial land use. Neighborhood commercial land use would allow for low intensity commercial and retail uses to exist on the site given its location within the Recharge Zone. The recommendation is also consistent with the land use recommendation along the north side of Highway 290 between Patton Ranch and Industrial Oaks.	<i>Mixed Use Land Use</i>	(Not known)	4 for 1st reading 5 for all three readings
	<i>Commercial, Single Family</i> GR, LR, MH, LO-CO, SF-2 Single Family residences, Bank of America	<i>Neighborhood Mixed Use Land Use</i>	<i>Neighborhood Mixed Use Land Use</i> The existing zoning on these tracts is commercial, residential, and mobile home. Tracts on the south side of Old Fredericksburg Road (across from the subject tracts) have existing professional office buildings. Staff recommendation is Neighborhood Mixed Use to match the land use that exists on the properties across from the subject tracts. Neighborhood mixed use will allow for neighborhood level office or retail that would serve the single family neighborhood in the vicinity.	(Not known)	Adjacent Property Owners Recommendation Single Family Land Use	4 for 1st reading 5 for all three readings

	DR Undeveloped	<i>Multi Family Land Use</i>	<i>Multi Family Land Use</i> The subject tract fronts Patton Ranch Road and Vega Avenue, both of which are collector streets. Due to its large size, staff and planning contact team recommendation is Multi Family land use for the tract to allow clustering of apartment units that would create green space for the community.	<i>Multi Family Land Use</i>	Adjacent Property Owner Recommendation (Horacio Gasquet) <i>Single Family Land Use</i>	4 for 1st reading 5 for all three readings
	GR-CO & GO-CO St. Andrews Episcopal Private School	<i>Mixed Use</i>	<i>Mixed Use Land Use</i> These tracts front Southwest Parkway and are fairly large in size. During the planning process, single family neighborhoods north of Southwest Parkway expressed a desire for a mix of commercial, office, retail areas that are readily accessible by the residents of those neighborhoods. Due to its location and fairly large size, staff recommends mixed use land use that would allow for clustering of commercial, retail, residential uses while providing open space for the community.
