

Late Backup

I move to reconsider Agenda item 4, which I voted in favor of.

(Need 2nd +
vote to approve)

Would the maker of the motion consider a friendly amendment to replace the Proposition 2 ballot language in Part 2 with the following:

Shall the city Charter be amended to prohibit the City from entering into future agreements to provide financial incentives in connection with the development or redevelopment of property that includes one or more retail uses, and to stop the City from providing financial incentives under certain existing agreements in connection with the development or redevelopment of property that includes one or more retail uses?

Accepted as FA original maker + second.

If No, then:

I move to amend the Mayor Pro Tem's motion to replacement the Proposition 2 ballot language in Part 2 with the following:

Shall the city Charter be amended to prohibit the City from entering into future agreements to provide financial incentives in connection with the development or redevelopment of property that includes one or more retail uses, and to stop the City from providing financial incentives under certain existing agreements in connection with the development or redevelopment of property that includes one or more retail uses?

#4

Shall the city Charter be amended to prohibit the City from entering into future agreements to provide financial incentives in connection with the development or redevelopment of property that includes one or more retail uses, and to stop the City from providing financial incentives under certain existing agreements in connection with the development or redevelopment of property that includes one or more retail uses?
