The Texas Business and Commerce Code allows the City to charge a processing fee for the return of a "payment device" that is defined as any check, item, paper or electronic payment, or other payment device used as a medium for payment. The Texas Local Government Code allows a service charge for a payment by credit card that is not honored by the credit card company. The City amount of the service charge is the same as the fee charged for the collection of a check drawn on an account with insufficient funds.
