Staff recommendation is for Neighborhood Mixed Use to allow for a mix of neighborhood friendly retail and offices that would serve the low intensity residential uses along Thomas Springs Road. This is less intense land use than what the existing zoning allows for.	<i>Office Mixed Use Land Use</i>	Save Our Springs Alliance Recommendation: <i>Large Lot Rural Single Family Land Use</i>	4 for 1st reading 5 for all three readings

Large Lot Rural Single Family land use supports the community's desire for large-lot residential in appropriate areas. This area is appropriate for large lots because it is one of the few undeveloped areas where large-lot development could be accommodated. U 5914, 6000, 6114, 6200, 6210 WILLIAM CANNON DR W	<i>Commercial; Office</i> GR 6210, 6200 William Cannon Dr. Jack in the Box and Walgreens LR (<i>office</i>) 6114, 6000 William Cannon Dr. LO 5914 William Cannon Dr.: Day Care	<i>Neighborhood Mixed Use Land Use</i>	<i>Neighborhood Mixed Use Land Use</i> At the convergence of a major intersection of Escarpment and William Cannon, these properties are located within the Recharge Zone of the Edwards Aquifer. Staff feels that lower intensity neighborhood mixed use designation will allow for neighborhood level retail and office development that would serve the large lot single family residences adjacent to the tract.	<i>Mixed Use Land Use</i>	Save Our Springs Alliance Recommendation: <i>Neighborhood Commercial Land Use</i>	4 for 1st reading 5 for all three readings
AE Beckett Estates Agent: Ron Thrower 6810 Beckett; 5503, 5505, 5511, 5601, 5609, 5615, 5703 Reynolds Road; 6807 Ridge Oaks Road	RR Single Family	<i>Large Lot Rural Single Family Land Use</i>	<i>Large Lot Rural Single Family Land Use</i> With the exception of one property the subject tracts do not have access to William Cannon Drive, they take access on Reynolds which is a residential street. They are located on the south side of Reynolds. There are existing large lot rural single family houses on the north side of Reynolds street. Staff recommendation is large lot rural single family to help maintain the rural character of the single family neighborhood and to match the existing land use to the north of Reynolds.	(Not known)	Property Owners Recommendation (Judith Grimes and Others): <i>Neighborhood Mixed Use Land Use</i> Adjacent Property Owners Recommendation: <i>Large Lot Rural Single Family Land Use</i>	4 for 1st reading 5 for all three readings
AG 4808 William Cannon Drive Agent: Jeff Howard Note: There is a zoning case on file for this property (C14-2008-0115), agenda item 62.	SF-2 Single Family residence	<i>Single Family Land Use</i>	<i>Single Family Land Use</i> This property is completely within the Critical Water Quality Zone and Water Quality Transition Zone with residential uses adjacent and behind the tract. Staff recommends single family land use to be consistent with the existing surrounding single family land uses.	(Not Known)	Property Owner Recommendation (Schaeffer Jane C & B): <i>Neighborhood Mixed Use Land Use</i>	4 for 1st reading 5 for all three readings

Note: Tracts with common colors are grouped according to the geographical area that they are located in. Each group of tracts will be discussed separately.

AD 6102 Hill Forest Drive; Agent: Mickey Bentley - 6110 Hill Forest Drive	SF-6 & SF-3 6102 Hill Forest Drive: Hill Forest Condominiums; 6110 Hill Forest Drive: Undeveloped	<i>Single Family Land Use</i>	<p><i>High Density Single Family Land Use</i></p> <p>Staff recommendation on 6102 Hill Forest Drive and adjacent property 6110 Hill Forest Drive is for High Density Single Family because there are existing duplexes to the north and east of the subject tract and unlike other large lot single family neighborhoods in Oak Hill, this neighborhood has smaller lot sizes. Also, the existing zoning on 6102 Hill Forest Drive is SF-6.</p>	(Not known)	6110 Hill Forest Drive Property Owner Recommendation (Frank Bomar): <i>Multifamily Land Use</i> West creek Neighborhood Association Recommendation: <i>Single Family Land Use</i>	4 for 1st reading 5 for all three readings
AF 4600, 4701 Monterey Oaks Blvd.; S 6100 Mopac Expressway	<p><i>Multi Family</i></p> MF-2 Amli At Monterey Oaks, Sedona Springs Apartments, Monterey Mesa	<i>Mixed Use Land Use</i>	<p><i>Mixed Use Land Use</i></p> <p>These tracts are located along Monterey Oaks Boulevard and have direct access to Mopac Expressway and US Highway 290. During the planning process, community stakeholders expressed a desire to locate mix of uses where existing infrastructure exists and along commercial corridors. Monterey Oaks Boulevard is one of the few areas that could become a pedestrian-friendly mixed use corridor in the planning area. Therefore, staff recommends mixed use land use due to its location and fairly large size of the tracts.</p>	(Not Known)	Save Oak Hill Group Recommendation: <i>Multi Family Land Use</i> Save Our Springs Alliance Recommendation: <i>Commercial Land Use on tract fronting Loop 1; Multi Family Land Use on rest of the tracts.</i>	4 for 1st reading 5 for all three readings

Note: Tracts with common colors are grouped according to the geographical area that they are located in. Each group of tracts will be discussed separately.

Staff recommendation is for lower intensity Neighborhood Commercial because of the tract's location within the Critical Water Quality Zone and frontage on US Highway 290. Neighborhood commercial land use would allow for low intensity commercial uses on the tract given its location along the highway and within the Critical Water Quality Zone.	<i>Mixed Use Land Use</i>	Property Owner Recommendation: <i>Mixed Use Land Use</i>	4 for 1st reading 5 for all three readings
X 5440, 5500, 5508, 5510, 5524 U S HWY 290 W	<i>Commercial, Office</i> CS-CO 5440, 5524, 5500, 5510 Hwy 290: Warehouse, Burke-Evans Hot Tubs, Auto Parts, Affordable Portables CS 5508 Hwy 290: Office	<i>Neighborhood Commercial Land Use</i>	<i>Neighborhood Commercial Land Use</i> GR-CO These tracts are within the Recharge Zone of Edwards Aquifer and therefore are proposed for a lower intensity neighborhood serving commercial land use. Neighborhood commercial land use would allow for low intensity commercial and retail uses to exist on the site given its location within the Recharge Zone. The recommendation is also consistent with the land use recommendation along the north side of Highway 290 between Patton Ranch and Industrial Oaks.	<i>Mixed Use Land Use</i>	(Not known)	4 for 1st reading 5 for all three readings
AC 6008 Morning Dew Drive; 5906, 6016, 6020, 6028, 6032 Old Fredericksburg Road; 5801 US Highway 290.	<i>Commercial, Single Family</i> GR, LR, MH, LO-CO, SF-2 Single Family residences, Bank of America	<i>Neighborhood Mixed Use Land Use</i>	<i>Neighborhood Mixed Use Land Use</i> The existing zoning on these tracts is commercial, residential, and mobile home. Tracts on the south side of Old Fredericksburg Road (across from the subject tracts) have existing professional office buildings. Staff recommendation is Neighborhood Mixed Use to match the land use that exists on the properties across from the subject tracts. Neighborhood mixed use will allow for neighborhood level office or retail that would serve the single family neighborhood in the vicinity. AB 5613 Patton Ranch Road	DR Undeveloped	<i>Multi Family Land Use</i>	<i>Multi Family Land Use</i> The subject tract fronts Patton Ranch Road and Vega Avenue, both of which are collector streets. Due to its large size, staff and planning contact team recommendation is Multi Family land use for the tract to allow clustering of apartment units that would create green space for the community.	<i>Multi Family Land Use</i>	Adjacent Property Owner Recommendation (Horacio Gasquet): <i>Single Family Land Use</i> Save Our Springs Alliance Recommendation: <i>Large Lot Rural Single Family Land Use</i>	4 for 1st reading 5 for all three readings

During the planning process single family neighborhoods north of Southwest Parkway expressed a desire for a mix of commercial, office, retail areas that are readily accessible by the residents of those neighborhoods. Due to its location and fairly large size, staff recommends mixed use land use that would allow for clustering of commercial, retail, residential uses while providing open space for the community.
