**I. Zoning and Neighborhood Plan Amendment Cases**

Station Area Plan Zoning Case: C14-2008-0030

The zoning case that has been filed is City initiated. It will enact the Lamar Blvd./Justin Lane Station Area Plan and change the base district zoning for all properties within the boundaries of the Station Area to TOD zoning. The Station Area Plan includes a Regulating Plan, which establishes TOD Zoning and specifies the development and design standards applicable to all properties within the boundaries of the planning area.

Neighborhood Plan Amendments

- NPA-2008-0017.01 (Crestview/Wooten Combined Neighborhood Plan; only the Crestview Planning Area overlaps the TOD District)
- NPA-2008-0018.01 (Brentwood/Highland Combined Neighborhood Plan; both the Brentwood and Highland Planning Areas overlap the TOD District)

The plan amendment cases that have been filed are City initiated. They will amend neighborhood plans to do two things:

1. All properties within the Station Area Plan will have a future land use designation of Transit Oriented Development to clearly distinguish these properties on Future Land Use Maps (FLUMs). The Station Area Plans look at all of these properties in an integrated and holistic manner, so they should be designated on the FLUM as a unit even though there are multiple properties and property owners within the Station Area boundaries.
2. The main chapters of the Lamar/Justin Station Area Plan will be included in each of the neighborhood plans being amended.

**II. Past City Council and Planning Commission action**

City Council: October 23, 2008 (partial second reading)

The City Council postponed the majority of action on the Station Area Plan. Limited action was taken on second reading only. A record of Council action is attached on the following pages. The City Council postponed all action on the neighborhood plan amendments until November 6, 2008.

City Council: April 24, 2008 (first reading)

The City Council approved the Station Area Plan and associated plan amendments on first reading with several amendments. A record of their action is attached on the following pages.

Planning Commission: April 8, 2008

The Planning Commission unanimously recommended the Station Area Plan and associated plan amendments with several amendments. A record of their action is attached on the following pages.

**LAMAR/JUSTIN STATION AREA PLAN AT CITY COUNCIL****City Council partial second reading action – October 23, 2008**

A motion was made on second reading to amend the TOD Ordinance to add back compatibility with the following friendly amendments was approved on Council Member Cole's motion, Mayor Pro Tem McCracken's second on a 7-0 vote. Council Member Morrison's amendment was that in the Station Area Plan, compatibility should not be waived for the first one hundred feet. Council Member Martinez' amendment was that compatibility should only be triggered by properties zoned SF-1 through SF-5 and used for either a single-family detached structure or duplex. In addition, language should be crafted to allow for a full waiver of compatibility within the 100-foot area if neighbors are in agreement. These were accepted by the maker of the motion and Mayor Pro Tem McCracken who made the second.

Action on the main Station Area Plan motion was postponed to November 6, 2008 on Mayor Pro Tem McCracken's motion, Council Member Shade's second on a 7-0 vote.

This neighborhood plan amendment items were postponed to November 6, 2008 on Mayor Pro Tem McCracken's motion, Council Member Shade's second on a 7-0 vote.

**City Council first reading action – April 24, 2008**

The public hearing was closed and the first reading of the ordinance to adopt the station area plan and transit oriented development (TOD) district zoning with the following amendments was approved on Council Member Cole's motion, Council Member Kim's second on a 6-0 vote. Council Member McCracken was off the dais.

Council Member Cole proposed these amendments:

1. Change 10% to 25% for the affordability required for density bonus eligibility.
2. Direct staff to initiate the creation of a TIF to fund public responsibilities for Council consideration.
3. Develop utility financing structure the same as the Austin Water Utility is doing for UNO.
4. Come up with interim implementation plan prior to 2nd reading:
  - a. Identify specific parks acquisition sites
  - b. Do not up-zone the proposed park acquisition sites
  - c. Prepare park acquisition plan for Council approval
  - d. Prepare trail connectivity and trail acquisition plan for Council approval
  - e. Financial subsidies on housing
5. Require mixed use in TOD Mixed Use and Corridor Mixed Use
6. If any utility or city department imposes requirements that alter this plan (including criteria manual requirements, etc.), they have to come to Council with a waiver application within 45 days.
7. No fee-in-lieu on residential projects without Council waiver
8. Don't waive compatibility standards—make part of affordable housing density bonuses
9. Develop sustainable landscape standards, including green infrastructure standards
  - a. Present proposal to make Appendix E mandatory

Accept the Planning Commission Recommendations:

1. Consider the dedication of public open space on the Austin Energy site and that other parkland be provided in and/or near the TOD District through parkland dedication funds.

2. Establish a Working Group to implement the Station Area Plan as soon as possible.
3. Direct staff to investigate methods of funding the proposed capital improvements to the Lamar Blvd./Airport Blvd. intersection.
4. Direct staff to study the potential of a parking benefit district where on-street parking fees are used to fund future capital improvements to the intersection of Airport and Lamar Blvds.
5. Direct staff to examine methods of improving overall east-west movement along Lamar Blvd. between Koenig Lane and Anderson Lane with a goal of dispersing traffic load.

Strongly recommend that the City Council:

6. Establish a clear and firm plan to help developers achieve the 25% affordability goal in the TOD Ordinance using the tools presented by the affordable housing consultant, Diana McIver and Associates;
7. Consider amending the scoring process for the allocation of affordable housing bond funds so that projects in TOD Districts are prioritized;
8. Designate CIP funds to infrastructure improvement projects within and connecting to the TOD Districts;
9. Prioritize fee-in-lieu funds generated from a development bonus in the TOD District for future expenditure within the TOD;
10. In order for a project that wishes to take advantage of a development bonus to be approved for the fee-in-lieu option, the Director of the Neighborhood Housing and Community Development Department should work with the Community Development Commission to determine if a fee-in-lieu should be approved.

A friendly amendment was made by Council Member Leffingwell to direct staff to come back on second reading with an analysis of and plan for traffic mitigation on the through streets Morrow, Easy Wind and Justin Lane which was accepted by the maker and Council Member Kim who seconded the motion.
