I. Zoning and Neighborhood Plan Amendment Cases

Zoning Case: C14-2008-0029

The zoning case that has been filed is City initiated. It will enact the Plaza Saltillo Station Area Plan and change the base district zoning for all properties within the boundaries of the Station Area to TOD zoning. The Station Area Plan includes a Regulating Plan, which establishes TOD Zoning and specifies the development and design standards applicable to all properties within the boundaries of the planning area.

Neighborhood Plan Amendments:

- NPA-2008-0002.01 (East Cesar Chavez Neighborhood Plan)
- NPA-2008-0009.01 (Central East Austin Neighborhood Plan)
- NPA-2008-0010.01 (Holly Neighborhood Plan)

The plan amendment cases that have been filed are City initiated. They will amend neighborhood plans to do two things:

1. All properties within the Station Area Plan will have a future land use designation of Transit Oriented Development to clearly distinguish these properties on Future Land Use Maps (FLUMs). The Station Area Plans look at all of these properties in an integrated and holistic manner, so they should be designated on the FLUM as a unit even though there are multiple properties and property owners within the Station Area boundaries.
2. The main chapters of the Plaza Saltillo Station Area Plan will be included in each of the neighborhood plans being amended.

A motion was made on second reading to amend the TOD Ordinance to add back compatibility with the following friendly amendments was approved on Council Member Cole's motion, Mayor Pro Tem McCracken's second on a 7-0 vote. Council Member Morrison's amendment was that in the Station Area Plan, compatibility should not be waived for the first one hundred feet. Council Member Martinez' amendment was that compatibility should only be triggered by properties zoned SF-1 through SF-5 and used for either a single-family detached structure or duplex. In addition, language should be crafted to allow for a full waiver of compatibility within the 100-foot area if neighbors are in agreement. These were accepted by the maker of the motion and Mayor Pro Tem McCracken who made the second.

Council Member McCracken proposed these amendments:

3. Develop utility financing structure the same as we did for UNO.
4. Come up with interim implementation plan prior to 2nd reading:

"The Lance Armstrong Bikeway has been designated along E. 4th and 5th Streets through the Plaza Saltillo TOD. The current improvement consists of signage. However, upon redevelopment of the land owned by Capital Metro, a more significant improvement is envisioned. The potential design could include a tree-lined dedicated space for the Lance Armstrong Bikeway that would parallel 4th Street."
 - e. Financial subsidies on housing
5. Require mixed use in TOD mixed use and Corridor mixed use zones.
6. Do not rezone Cap Metro site from P zoning
7. Initiate catalyst project
8. If any utility or city department imposes requirements (including criteria manual requirements, etc.) that alter this plan, they have to come to Council with a waiver application within 45 days.

9. No fee-in-lieu on residential projects without Council waiver
10. Don't waive compatibility standards—make part of affordable housing density bonuses
11. Develop sustainable landscape standards, including green infrastructure standards
 - a. Present proposal to make Appendix E mandatory

Accept the Planning Commission Recommendations to approve the draft Plaza Saltillo Station Area Plan as presented by staff and associated amendments to the neighborhood plans with the following amendments:

1. Development bonuses including a reduction in compatibility standards as proposed in the draft plan should not be permitted for the list of properties submitted by the East Cesar Chavez Neighborhood Planning Team.
2. The City of Austin property at 2001 E. 5th Street is recommended to go into a Community Land Trust so that it provides affordable housing meeting or exceeding 25% affordability at 90% M.F.I. for home ownership and 60% M.F.I. for rental.
3. Recommend including the TOD Districts language from the University Neighborhood Overlay (UNO) Ordinance that speaks to de-coupling rent from the leasing of a parking space. That language states that: "A parking space must be leased or sold separately from a dwelling unit."

The Planning Commission recommends that for all TODS, the City Council:

4. Establish a clear and firm plan to help developers achieve the 25% affordability goal in the TOD Ordinance using the tools presented by the affordable housing consultant, Diana McIver and Associates;
5. Consider amending the scoring process for the allocation of affordable housing bond funds so that projects in TOD Districts are prioritized; and
6. Designate CIP funds to infrastructure improvement projects within and connecting to the TOD Districts.
