ZONING CHANGE REVIEW SHEET

CASE: C14-2008-0052 – TJG

ZAP DATE: April 15, 2008
May 20, 2008
June 3, 2008
June 17, 2008
July 1, 2008
August 5, 2008
August 19, 2008

ADDRESS: 9609 Swanson’s Ranch Road

OWNER: T.J. Greaney

AGENT: Jim Bennett Consulting
(Jim Bennett)

ZONING FROM: SF-2 TO: CS AREA: 0.517 acres (22,520.52 square feet)

SUMMARY STAFF RECOMMENDATION:

The Staff recommendation is to maintain single family residence-standard lot (SF-2) district zoning.

If the requested zoning is recommended for this site, then Staff recommends a Restrictive Covenant to include all recommendations listed in the Neighborhood Traffic Analysis memorandum, dated June 25, 2008, as provided in Attachment A.

ZONING AND PLATTING COMMISSION RECOMMENDATION:

April 15, 2008: APPROVED A POSTPONEMENT REQUEST BY THE STAFF TO MAY 20, 2008.
[J. MARTINEZ; T. RABAGO – 2ND] (8-0)

[K. JACKSON; J. SHIEH – 2ND] (7-0) J. MARTINEZ – ABSENT

June 3, 2008: MEETING CANCELLED DUE TO AGENDA POSTING ERROR

June 17, 2008: ITEM PULLED FROM THE AGENDA DUE TO NOTIFICATION ERROR

[T. RABAGO; J. SHIEH – 2ND] (6-0) K. JACKSON; J. MARTINEZ – ABSENT

August 5, 2008: CONTINUED TO 8-19-08 AND POST FOR ACTION ONLY (ZAP)
[R. EVANS; T. RABAGO-2ND] (6-0) C. HAMMOND – ABSENT
August 19, 2008: APPROVED GO-CO DISTRICT ZONING WITH THE CO ALLOWING PERSONAL SERVICES AS THE ONLY PERMITTED GO USE, ALL NEIGHBORHOOD OFFICE (NO) USES, NEIGHBORHOOD OFFICE (NO) DEVELOPMENT REGULATIONS, REQUIRE THAT ALL PARKING BE LOCATED ON-SITE; 150 TRIPS PER DAY, AND THE CONDITIONS OF THE NEIGHBORHOOD TRAFFIC ANALYSIS.

[K. JACKSON; T. RABAGO – 2ND] 6-1 J. GOHIL – NAY

NOTE: ENCOURAGE THE APPLICANT TO TAKE ACCESS TO DAVID MOORE DRIVE BY REQUESTING THAT THE APPLICANT PETITION THE CITY FOR NO PARKING SIGNS ON SWANSON'S RANCH ROAD.

ISSUES:

A valid petition of 38.85% has been filed by the adjacent property owners in opposition to this rezoning request.

On July 16, 2008, the Applicant met with representatives of the Swanson’s Ranch Road Neighborhood Association and the Slaughter Lane Neighborhood Association, residents of Swanson’s Ranch Road and representatives from the apartments to the east to discuss the rezoning application.

Slaughter Lane Neighborhood Association has provided written support for the requested zoning change.

In December 2007, Code Enforcement received a complaint that a business was operating in SF-2 zoned property. The property owner submitted a rezoning application for CS zoning on February 25, 2008.

DEPARTMENT COMMENTS:

The subject rezoning area consists of one platted lot that has frontage on both Swanson’s Ranch Road and David Moore Drive, and is zoned single family residence – standard lot (SF-2) district. Swanson’s Ranch Road is a local street and developed with a mixture of single family residences and commercial uses, including two automotive repair businesses, a vehicle storage use and a plumbing company. Zoning maps from the late 1980’s suggest that some of the commercial uses were in operation prior to annexation into the City limits and therefore, are considered legal, non-conforming uses. The subject property contains an electrician’s business, an embroidery/monogramming shop and a contractor’s office, and is adjacent to single family residences on both the north and south sides. There are also four single family residences on the west side of Swanson’s Ranch Road, including two directly across the street from the subject property. Please refer to Exhibits A (Zoning Map), A-1 (Aerial View) and B (Recorded Plat).

The Applicant proposes to rezone the lots to the general commercial services (CS) district to resolve the Code Enforcement issue and bring the existing uses, including a construction sales and services use first permitted in the CS district, into compliance with the Zoning
Code. The Staff position is that CS zoning is incompatible with the adjacent single family residences and street access, and therefore, recommends that the existing SF-2 zoning be maintained.

STATES OF TEXAS:

COUNTRY OF TRAVIS: In and By These Presents:

THAT I, Ted A. Swanson, the Owner of Lot No. 3 in Swanson's Ranchettes, No. 2, in Travis County, Texas, according to a Plat of Record in Book 17, Page 88, of the Plat Records of Travis County, Texas, conveyed to me by deed recorded in Vol. 2405, Page 450, of the Plat Records of Travis County, Texas, do hereby adopt this portion of said Lot No. 3 as a sub-division to be known as

"A Resubdivision of a portion of Lot No. 3, Swanson's Ranchettes No. 2"

and do hereby dedicate to the public all roads and easements shown herein.

T. A. Swanson,

REZONING AREA

STATE OF TEXAS:

COUNTY OF TRAVIS:

BEFORE ME, the undersigned, authority, on this day personally appeared Ted A. Swanson, known to me to be the person whose hand is signed to the foregoing, and he acknowledged to me that he signed it for the purpose and consideration therein expressed.

This is to certify that Austin City Code Chapter 13.07 of 1964 has been complied with.

Joak Raimy, P. S. and P. E.

January 7, 1964

APPROVED FOR ACCEPTANCE Feb. 18, 1964

By: J. Osborne, Director-Planning.

COMMISSION OF THE CITY OF AUSTIN, TEXAS

February 18, 1964

CHAIRMAN

W. Lee Lewis, Secretary

Each house in this sub-division must be connected to a septic tank of not less than 500 gallon capacity with outlet lines of not less than 150 feet in length, constructed in accordance with specifications approved by the County-City Health Authorities and built under their supervision.

The approval of this plat by the Commissioner's Court of Travis County in no wise obligates the Commissioner's Court or the County to build any roads, culverts, bridges or other structures. All such construction must be done by the owner or lessee/rezoner under the specifications approved by the Commissioner's Court and under their supervision.

STATE OF TEXAS:

COUNTY OF TRAVIS:

I, Emilie Limberg, Clerk of the County Court of Travis County, Texas, do hereby certify that the foregoing instrument of writing, with its certificate of authentication was filed for record in my office on the 24th day of February, A. D. 1964, at 3 o'clock P. M., and only recorded on the 24th day of February, A. D. 1964, at 3 o'clock P. M., in the Plat Records of said County, in Book 19, Page 31.

WITNESS MY HAND AND SEAL OF THE COUNTY COURT ON THE WRITING ABOVE.

Emilie Limberg, Clerk of the County Court of Travis County, Texas, Deputy.
MEMORANDUM

TO: Wendy Rhoades, Neighborhood Planning & Zoning Department
CC: Jim Bennett, Jim Bennett Consulting
FROM: Amber Mitchell, Watershed Protection and Development Review Department
DATE: June 11, 2008
SUBJECT: Neighborhood Traffic Analysis for TJG
          Zoning Case # C14-2008-0052

The transportation section has performed a Neighborhood Traffic Impact Analysis for the above referenced case and offers the following comments.

The .517-acre tract is located just south of W Slaughter Lane, between Manchaca and S 1st St. The site is currently zoned Multifamily Low Density (SF-2) and is surrounded by multi-family uses to the east, single family and commercial to the north and west, and single family development to the south. The applicant proposes to retain the existing non-residential uses on the property (an embroidery shop, an electrician’s office, and a contractor’s office) and is requesting a conditional overlay for a maximum of 2,000 vehicles per day.

Roadways

Swansons Ranch Road abuts the western boundary of the site. It is classified as a local street and currently has approximately 61 feet of right-of-way and 17 feet of pavement.

David Moore Drive abuts the eastern boundary of the site and is classified as a local street with approximately 54 feet of right-of-way and 21 feet of pavement.

The applicant proposes continued access to both Swansons Ranch Road and David Moore Drive.

Trip Generation and Traffic Analysis

The requested conditional overlay for 2,000 trips is being used for the analysis as the existing land use generates less than 100 trips a day:

<table>
<thead>
<tr>
<th>Land Use</th>
<th>Size</th>
<th>Trip Generation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Office/Light Manufacturing</td>
<td>Unknown</td>
<td>2,000</td>
</tr>
</tbody>
</table>
Table 2 represents the expected distribution of the 2,000 trips:

<table>
<thead>
<tr>
<th>Street</th>
<th>Traffic Distribution by Percent</th>
</tr>
</thead>
<tbody>
<tr>
<td>Swansons Ranch Rd</td>
<td>20%</td>
</tr>
<tr>
<td>David Moore Drive</td>
<td>80%</td>
</tr>
<tr>
<td><strong>TOTAL</strong></td>
<td><strong>100%</strong></td>
</tr>
</tbody>
</table>

Table 3 represents a breakdown of existing traffic on Swansons Ranch Rd and David Moore Dr, proposed site traffic, total traffic after development and percentage increase in traffic for each roadway.

<table>
<thead>
<tr>
<th>Roadway</th>
<th>Trips</th>
<th>Existing Traffic</th>
<th>Forecasted Traffic</th>
<th>Percentage Increase</th>
</tr>
</thead>
<tbody>
<tr>
<td>Swansons Ranch Rd.</td>
<td>400</td>
<td>179</td>
<td>579</td>
<td>31%</td>
</tr>
<tr>
<td>David Moore Dr.</td>
<td>1600</td>
<td>1017</td>
<td>2,617</td>
<td>39%</td>
</tr>
</tbody>
</table>

This neighborhood traffic analysis was triggered because the projected number of vehicle trips generated by the project exceeds the vehicle trips per day generated by existing uses by at least 300 trips per day, and the project has access to a local or residential collector street where at least 50 percent of the site frontage has an SF-5 or more restrictive zoning designation.

According to Section 25-6-116 of the Land Development Code, streets which are less than 30 feet in width are considered to be operating at an undesirable traffic level if the average daily traffic volume for such roadways exceeds 1,200 vehicles per day. Per these standards, Swansons Ranch Rd will operate at a desirable level and David Moore Road will not.

**Recommendations/Conclusions**

Staff recommends that the site be limited through a conditional overlay to 500 trips per day. While the trip limit will not allow the David Moore Road to operate at the desirable operating level, it will acceptably mitigate the site's traffic contribution to the roadway.

If you have any questions or require additional information, please contact me 974-3428.

Amber Mitchell  
Sr. Planner - Transportation Review  
Watershed Protection and Development Review Department
SUMMARY STAFF RECOMMENDATION:

The Staff recommendation is to maintain single family residence-standard lot (SF-2) district zoning.

If the requested zoning is recommended for this site, then Staff recommends a Restrictive Covenant to include all recommendations listed in the Neighborhood Traffic Analysis memorandum, dated June 25, 2008, as provided in Attachment A.

BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

1. The proposed zoning should be consistent with the purpose statement of the district sought.

   Applicant’s request: CS, General Commercial Services, zoning is intended for commercial or industrial uses that typically have operating characteristics or traffic service requirements generally incompatible with residential environments.

   Staff recommendation: The single family residence standard lot (SF-2) district is intended for a moderate density single-family residential use on a lot that is a minimum of 5,750 square feet. This district is appropriate for existing single-family neighborhoods having moderate sized lots or to new development of single-family housing areas with minimum land requirements.

2. Zoning changes should promote an orderly and compatible relationship among land uses.

   CS zoning is incompatible with the adjacent single family residences and street access, and therefore, recommends that the existing SF-2 zoning be maintained.

EXISTING CONDITIONS

Site Characteristics

The subject property contains an electrician’s business, an embroidery/monogramming shop and a contractor’s office. The site is relatively flat and there appear to be no significant topographical constraints on the site.

Impervious Cover

The maximum impervious cover allowed by the CS zoning district would be 80%, which is based on the more restrictive watershed regulations.

The maximum impervious cover allowed by the SF-2 zoning district would be 45%, which is based on the more restrictive zoning regulations.
Environmental

The site is not located over the Edward’s Aquifer Recharge Zone. The site is in the Desired Development Zone. The site is in the Slaughter Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City’s Land Development Code. Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<table>
<thead>
<tr>
<th>Development Classification</th>
<th>% of Net Site Area</th>
<th>% with Transfers</th>
</tr>
</thead>
<tbody>
<tr>
<td>Single-Family</td>
<td>50%</td>
<td>60%</td>
</tr>
<tr>
<td>(minimum lot size 5750 sq. ft.)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Other Single-Family or Duplex</td>
<td>55%</td>
<td>60%</td>
</tr>
<tr>
<td>Multifamily</td>
<td>60%</td>
<td>70%</td>
</tr>
<tr>
<td>Commercial</td>
<td>80%</td>
<td>90%</td>
</tr>
</tbody>
</table>

According to flood plain maps, there is no floodplain within, or adjacent to the project boundary.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding existing trees and other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment on this site will be subject to the following water quality control requirements:
- Structural controls: Sedimentation and filtration basins with increased capture volume and 2 year detention.

Transportation

No additional right-of-way is needed at this time.

A Neighborhood Traffic Analysis is required and will be performed for this project by the Transportation Review staff. Results will be provided in a separate memo. LDC, Sec. 25-6-114. Please contact this reviewer for more information on this requirement.

A traffic impact analysis was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 2,000 vehicle trips per day. [LDC, 25-6-117]
**Water and Wastewater**

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing the water and wastewater utility improvements, offsite main extensions, system upgrades, utility relocations and or abandonments required. The water and wastewater plan must be in accordance with the City of Austin utility design criteria. The water and wastewater utility plan must be reviewed and approved by the Austin Water Utility. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

**Compatibility and Building Standards**

The site is subject to Compatibility Standards. Compatibility Standards are applicable to all property adjoining or across the street from a lot zoned or used as a SF-5 or more restrictive or within 540 feet from the lot zoned SF-5 or more restrictive. This lot has SF-2 lots located along the northern and southern edge of the property.

- No structure may be built within 15 feet of any Single Family-zoned property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- No parking or driveways are allowed within 19 feet of the Single Family-zoned property line.
- In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.
- Additional design regulations will be enforced at the time a site plan is submitted.

Any new development is subject to Subchapter E: Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.
Feb. 12, 2008

City of Austin
Zoning and City Council

To Staff, Board and Council Members,

The Slaughter Lane Neighborhood Association (SLNA) has voted unanimously to and approves of the zoning changes at 9609 Swanson’s Ranch Road.

- The local area is predominantly commercial or is in a transition state to a commercial zoning.
- This operation has been in existence for many, many years.
- This is a low impact use and fits the area.

The Association embraces smart community growth and is committed to being involved in any proposed development in our area. We look forward to working with the City of Austin and are available for any questions that may arise.

Regards,

Austin, TX 78767-8810
PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or may evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Comments: Swanson Ranch Road is a one lane street. The operation on the street, trucks, trailers and personnel emergency type vehicles if needed could not get to the people. I don't think this is a good idea for all concerned.

Comments: I am against this property being changed from residential to commercial because Swenson Ranch Rd will be impacted by the bottle neck created at this address. This would impede emergency vehicles from reaching other residences at the end of the road. I am concerned about environmental issues including those commercial businesses would produce.

RE: Postponement of Case C14-2008-0052
9606 Swanson’s Ranch Road

Dear Mayor and Council Members,

As agent on the above case I am requesting a postponement of the case to the September 25th agenda. This case is item 60 PH on today’s agenda.

Thank you for your consideration.

Sincerely,

Jim Bennett
Swanson Ranch Road Neighborhood Association
1301 Slaughter Lane W.
Austin, Texas 78748
