Boards and Commission Action: Recommended by the Water and Wastewater Commission.

This City of Austin improvement consists of construction of 6,000 linear feet of 16-inch diameter. Ductile Iron Class 250 Pipe, encasement, drain valves, wet connections, gate valves, air release and other apparatus within the Texas Department of Transportation (TxDOT) Roadway Construction. All construction dates are dependent upon TxDOT letting which is tentatively schedule for March 2009. Due to the potential for unknown subsurface conditions and utility conflicts, a 25% contingency has been included to allow for the expeditious processing of any change orders.
