RE: Met Center PDA – Item 41 on February 12, 2008 Agenda  
Request for Emergency Passage

Dear Mayor, Mayor Pro Tem, Council Members,

We respectfully request emergency passage with 2<sup>nd</sup> and 3<sup>rd</sup> readings for the above referenced zoning case. The reasoning is that my client's have a construction project underway that needs to be completed by a certain date. The effects of this ordinance require plan modifications that need to get processed sooner than later. The Emergency Passage and immediate affect of this Ordinance will provide a quicker result with the plan modification process.

My client and I greatly appreciate everyone's support for the case and respectfully request the emergency passage of the ordinance for immediate effect.

Should you have any questions, please contact me at my office.

Sincerely,

*A. Ron Thrower*
