**DATE:** March 4, 2009

**SUBJECT:** Correction to March 5, 2009 Council Agenda, Item 6  
Austin Energy New System Control Center

---

This memo serves to inform you of a needed correction below the line on the RCA for Item 6 on the March 5<sup>th</sup> Council Agenda. It currently states that the recommended firm for the Austin Energy New System Control Center-Reissue Project, DPR Construction, Inc. intended to subcontract out 24.2% of the work in the pre-construction phase of the project. This number should be corrected to reflect that DPR Construction, Inc. will be sub-contracting 13.1% of the work in the pre-construction phase to their identified sub-contractor, Solis Construction, Inc. (MH). In addition, the MBE/WBE summary on this item should be modified to reflect that Solis Construction, Inc. will perform 13.1% of the pre-construction work, while the prime firm will perform 86.9% of the pre-construction work.

Should you have any questions or require additional information, please let me know.  
Thank you.
