Commissioners Consenting: Gerry Acuna, Rick Cofer, Maydelle Fason, Tracy Sosa

Commissioners Dissenting: None

Commissioners Abstaining: None

Commissioners Absent: None

Whereas, the City of Austin currently has an Ordinance in place pertaining to private solid waste haulers, and

Whereas, the current ordinance does not provide clear and concise enforcement and penalty guidelines for enforcement agencies, and

Whereas, it is the desire of the Solid Waste Services Department to provide a comprehensive and equitable ordinance which encourages compliance and clearly provides enforcement guidelines and penalties;

Therefore, be it resolved;

That the Solid Waste Advisory Commission (SWAC) supports this Ordinance modification as a first step only to a more comprehensive Ordinance, and

That SWAC would like to formally convene a SWAC Sub-Committee, open to input from stakeholders, to provide the impetus of a more comprehensive Ordinance which encourages compliance, sets a standardized fee structure, and provides guidelines and penalties for noncompliance.
