Williamson County and the City of Austin intend to participate in the development and construction of improvements to a portion of Pond Springs Road from approximately 200 feet north of its southern intersection with US 183 to approximately 200 feet south of its northern intersection with US 183 as a three lane, forty-six foot (46') wide, undivided urban arterial located within the City (the "Project").

The Project is scheduled to start construction on June 3, 2009 in order to minimize construction impact on school traffic.

Williamson County has funded a total of \$6,000,000 for the Project including all direct and indirect costs as a part of its 2006 bond election.

The City has agreed to provide supplemental funding, if necessary, to address tree mitigation and localized flooding in the not to be exceeded amount of \$500,000. In addition, the City is agreeing to waive \$184,200 in fees otherwise applicable to the Project.
