Subject: 6110 Hill Forest Drive property

Dear Ms. Anguiano,

I cannot make the City Council meeting this afternoon but want to express my concern about the

6110 Hill Forest Drive property, the subject of a rezoning proposal that would allow up to 29 units as high as 3 stories. As I understand it, this property will be discussed this afternoon.

One of the dismaying aspects of the decision making process is that Councilman Martinez changed a decision made just minutes earlier by the Council, thus undoing the decision to make the 6110 Hill Forest Property single family. I am urging the City Council to make good on that promise today and prevent a re-zoning that would do nothing positive for the neighborhood and contribute negatively by increasing traffic that is already a problem each school day morning and afternoon when parents are dropping off and picking up students and on weekends when there are school events or soccer. There are too many cars in our neighborhood and although we can't reduce the number already in Westcreek, we can restrict growth.

Thank you. And after you vote to keep the property single family, please remember the action and do not let Councilman Martinez or anyone else change the decision.
