Address of

Rezoning Request: 313 Red Bird Ln.

To: Austin City Council

We, the undersigned owners of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than SF2.

The reason for opposing the zoning change is to preserve and protect current land use consistent with the most recent adoption of the South Congress Neighborhood Plan. Current SF3 in this neighborhood consists of two single family homes, not duplexes, with the owners living on the property. The applicant's plan for two duplexes with four families is an unacceptable increase in the density of this area.

Under SF2 either one home or two single family (if subdivided) homes could be built, allowing for significant increase in the value of the property and enhancing the neighborhood.
