To reduce the risk of flooding to properties adjacent to waterways, this agreement provides for the clearing of excessive vegetation and debris from identified high-risk drainage channels and creeks. The agreement also provides these services for detention and water quality ponds and in newly annexed areas in accordance with approved service plans.

TIBH Industries, Inc., in conjunction with Easter Seals Central Texas, has performed this service for the past twenty (20) years. Their dedication, experience, and timely performance demonstrate their qualifications to continue the creek clearing and pond maintenance services the City is obligated to provide.

State Law allows political subdivisions to substitute services available from blind or disabled persons for those which could be purchased from private businesses without securing competitive bids (Texas Human Resources Code, Section 122.017). Comparison of TIBH Industries prices in past years has shown them to be at or below those of the private sector. TIBH's rates will remain the same for the Fiscal Year 2009-2010 contract as they were for the Fiscal Year 2008-2009 contract.

TIBH Industries, Inc. serves as a broker to locate and administer contracts for non-profit organizations. Easter Seals Central Texas Workforce Development Program personnel will perform the work and receive 94% of the funds. TIBH will receive the remaining 6% of the funds to cover administrative costs. This contract will provide jobs to individuals who would otherwise need public assistance if this work program were not available.
