This grant will provide funds to continue the Police Department's Auto Burglary and Theft Interdiction Project. The goal of this project is to reduce the incidence of auto thefts in the city of Austin. Several strategies are employed to meet this goal including investigation, enforcement, prevention, education and prosecution. This grant was accepted by the Austin City Council on May 14, 2009. Since this grant acceptance, the Austin Police Department has received \$1,008 in additional funding under this grant, and this action amends the budget to accept the funding.

Funding for this grant project is generated by the \$1.00 per motor vehicle fee paid each year by residents when they purchase car insurance. The grant continues 80% funding for two full-time equivalent civilians and three auto theft detectives, as well as portions of the salaries of a lieutenant, a sergeant and detectives with the program. The cash match required for this grant includes General Fund salaries and fringe costs associated with these budgeted staff, sworn overtime, and program operating costs.
