This action appropriates \$1,350,000 for the purchase of real estate and associated facility repairs and improvements.

The Public Works Department currently leases a facility on for the Street and Bridge Division - Central District service yard. The facility is responsible for responding to street maintenance activities and emergency events in central west and east Austin, housing vehicles and heavy equipment during non-working hours, providing needed space for the stocking of street repair materials and office space for management functions related to Central District activities. The site can be purchased for payments less than the current lease rate.

Costs associated with facility repairs and improvements are related to security, construction appropriate settings for stocking street repair materials and for cabling/networking for management functions.
