

# Late Backup

## MEMORANDUM

**TO:** Mayor and Council

**FROM:** Michael McDonald, Assistant City Manager 

**DATE:** October 21, 2009

**SUBJECT:** Item # 30 Vulnerable Users Ordinance Clarification

---

It has come to my attention that the Vulnerable Users Ordinance backup material provided for the October 22, 2009 agenda item #30 did not clearly reflect the language found within the proposed ordinance. To insure clear communication, we have included the term "bicycle" to the language so that it reflects the language of the ordinance. Please contact me if you have any questions.
