

To The Austin City Council #72
#44

March 25, 10

The Ricky & Deborah Williams who reside at
7607 Barcelona Cove are against ^{changing} the 1972 Restrictive covenants
which include 1. Drive-in type cafes; 2. Auto repair garages;
3. New or used car or automobile selling lots. That's located
on ^(Anderson Ln) US 183E between Cameron Rd and apartments. Our
property is right faced with the creek & 183. The noise
is horrible; the landscaping trees (Live Oak) more than 100
years old are being cut down & the city is not very responsive.
In conclusion this is our neighborhood private and we
would like to keep the privacy that we have for our
safety and preserve our Natural Buttermilk Creek.

Late Backup

Sincerely

Mr & Mrs Ricky Williams

PS. We were not informed by the planning committee concerning
this matter from the City Council. We have asked for feedback
& information but have been ignored. We needed a notice (5 days)
of meeting. That's only consideration on neighbors.
