MBE/WBE: This contract will be awarded in compliance with Chapter 2-9A of the City Code (Minority Owned and Women Owned Business Enterprise Procurement Program) by meeting the goals with 5.41% MBE and 8.66% WBE subcontractor participation.

Boards and Commission Action: Recommended by the Austin Airport Advisory Commission.

The Austin Bergstrom International Airport was completed in 1999. All vehicular navigational signage was installed at that time. With over a decade of use, the sign panel face graphics have faded and are in need of replacement.

This project will provide new sign face panels which comply with TXDOT standards for layout format, colors, text types / sizes, and light reflectivity. The work includes signage on the Presidential Boulevard and associated exit roadways.

The work will be done from midnight to 6:00 AM. There is no federal funding used in this project. The contract allows 150 calendar days for final completion of this project.
