- (c) Estimated Cost of the Services and Improvements. The estimated amount of bonds to be issued for the District through assessments for the first three (3) years of the District's term is approximately \$3,005,000. The total bonded indebtedness over the term of the District is anticipated to be approximately \$22,785,000. The petitioners have represented to the City that these amounts will be supplemented with additional revenue *expected to be received from governmental reimbursement and participation agreements and developer financing.* These anticipated additional funds are expected to be detailed in any proposed Service Plan associated with the District.
- (d) Boundaries. The District is located in the extraterritorial jurisdiction of the City of Austin, Texas. The boundaries of the District are shown on the Map of the District, Exhibit "A".

Such authorization shall take effect and the District shall be deemed to be established effective upon publication of such notice. The District does not automatically dissolve, but the City may annex for full purposes any unannexed portions of property within the District 44 years and six months from the effective date of the

Whisper Valley and Indian Hills Annexation and Development Agreement
(June 18, 2009), or the District can be terminated as provided by law.

Subject to the last sentence of this Section 3, the power of the City to continue to levy and collect assessments within the District pursuant to the Act will cease and the District will be dissolved following the date that a petition requesting dissolution is filed with the City Clerk of the City of Austin and the petition contains the signatures of at least enough property owners in the District to make the petition sufficient for creation of a public improvement district as provided in Section 372.005(b) of the Act, and a public hearing has been held by the City Council as described in Section 372.011 of the Act..
