Subject: All Austin Cooperative Nursery School (AACNS): Case # SPC-2010-0122A: More Signatures of Support
Attachments: AACNSRosedalepetition#2.JPG; AACNSnearneighborspetition#1.JPG

Dear Chair and Members of the Zoning and Platting Commission,

Attached are scanned images of additional paper petitions circulated in support of AACNS' request. I'd like to bring to your attention the signatures of support from **Keefe Boerner & Monica Choi of 5005 Woodview Avenue, whose property adjoins 5012 Shoalwood along the rear (west) property line.** Their signatures are found in file: AACNSRosedalepetition#2.jpeg.

Summary of information provided in each file:

AACNSRosedalepetition#2.jpeg

5 unique signatures from Rosedale Residents including Keefe Boerner & Monica Choi of 5005 Woodview Avenue, whose property adjoins 5012 Shoalwood along the rear (west) property line. (total of 7 signatures, 2 duplicates with online petition)

AACNSnearneighborspetition#1.jpeg

6 unique signatures from near neighbors. (total of 9 signatures, 3 duplicates with online petition)

Thank your for your time and consideration,
 Karen Wiley
 AACNS Board President

Subject: Support of playground for All Austin Cooperative Nursery School

Rachel Lomas
212 W 33rd Street
Austin, TX 78705

10-14-10

Ms. Betty Baker, Chair Zoning and Platting Commission
Ms. Sandra Baldrige, Commissioner
Mr. Gregory Bourgeois, Commissioner
Ms. Teresa Rabago, Commissioner
Ms. Patricia Seeger, Commissioner
Ms. Cynthia Banks, Commissioner
Ms. Donna Tiemann, Commissioner

Dear Chair and Members of the Commission,

I am writing regarding Case # SPC-2010-0122A - All Austin Cooperative Nursery School (AACNS or "Co-op").

As Co-op alumnus, I encourage you to support AACNS' request for a conditional use permit (CUP) to use the backyard of 5012 Shoalwood Avenue as an outdoor play space for AACNS students.

We have sent our three children to AACNS' and could not have asked for a better school or community for our children to be brought up in. I believe that great schools represent a valuable component of the vibrant neighborhoods and strong communities so many of us strive to nurture in Austin. I also believe that a vibrant playground marks a vital part of a great school. Play Ignites and Nature Inspires are two of AACNS' core values; the school devotes careful thought to the design of its outdoor spaces and also brings the "outside" into the classroom in the form of stories and materials collected on the playground every day.

By using the backyard of 5012 Shoalwood to enlarge AACNS' small outdoor play space, we can make a great school an even more valuable element of the neighborhood and community. The playground expansion would:

10/15/2010

- Significantly enhance the quality of the student experience at AACN;
- Help facilitate the cognitive and physical development of AACNS children (outdoor activities help to develop children's gross motor skills and sensory integration capabilities); and
- Ultimately provide AACNS children with more outside time, which has become an increasingly valuable offering at a time when the average child spends more and more time in front of television and computer screens.

AACNS continues to work closely with its adjacent neighbors to listen to their concerns and meet their needs. This commitment reflects two other AACNS core values, Community Matters and Cooperation Works, that the school has lived by since its inception in 1953.

I appreciate the time and expertise you invest in considering this matter.

Best Regards,

Rachel Lomas

Subject: Case # SPC-2010-0122A - All Austin Cooperative Nursery School

October 14, 2010

Dear Chair and Members of the Commission,

I am writing regarding Case # SPC-2010-0122A - All Austin Cooperative Nursery School (AACNS or "Co-op").

As a Co-op parent and professional landscape designer, I encourage you to support AACNS' request for a conditional use permit (CUP) to use the backyard of 5012 Shoalwood Avenue as an outdoor play space for AACNS students.

By using the backyard of 5012 Shoalwood to enlarge AACNS' small outdoor play space, we can make a great school an even more valuable element of the neighborhood and community. The playground expansion would:

- * Significantly enhance the quality of the student experience at AACN;
- * Help facilitate the cognitive and physical development of AACNS children (outdoor activities help to develop children's gross motor skills and sensory integration capabilities); and
- * Ultimately provide AACNS children with more outside time, which has become an increasingly valuable offering at a time when the average child spends more and more time in front of television and computer screens.

My interest in this situation is two-fold: I am a Co-op parent, but I studied landscape architecture and practiced landscape design for many years. I believe that the plan for the backyard of 5012 Shoalwood is a thoughtful and thorough design. Not only does it offer unique play spaces that the existing playground does afford, but it also is very considerate in the addressing potential neighborhood concerns. The plan puts privacy first, encompassing a design that provides visual screening while blending into the existing landscapes of the neighboring lots. It greatly improves the aesthetic of the current backyard, while maintaining a very inviting and homey feel. I hope you agree that the plan improves the property at 5012 Shoalwood, and that the school has only the best interests of the children and the neighborhood at heart.

AACNS continues to work closely with its adjacent neighbors to listen to their concerns and meet their needs. This commitment reflects two other AACNS core values, Community Matters and Cooperation Works, that the school has lived by since its inception in 1953.

I appreciate the time and expertise you invest in considering this matter.

Best Regards,

Ann E. Erickson

PUBLIC HEARING INFORMATION

Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During a public hearing, the board or commission may postpone or continue an application's hearing to a later date, or recommend approval or denial of the application. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

A board or commission's decision may be appealed by a person with standing to appeal, or an interested party that is identified as a person who can appeal the decision. The body holding a public hearing on an appeal will determine whether a person has standing to appeal the decision.

A zoning ordinance amendment may include a conditional overlay which would include conditions approved by the Land Use Commission or the City Council. If final approval is by a City Council's action, there is no appeal of the Land Use Commission's action.

An interested party is defined as a person who is the applicant or record owner of the subject property, or who communicates an interest to a board or commission by:

- delivering a written statement to the board or commission before or during the public hearing that generally identifies the issues of concern (it may be delivered to the contact listed on a notice); or
- appearing and speaking for the record at the public hearing;

and:

- occupies a primary residence that is within 500 feet of the subject property or proposed development;
- is the record owner of property within 500 feet of the subject property or proposed development; or
- is an officer of an environmental or neighborhood organization that has an interest in or whose declared boundaries are within 500 feet of the subject property or proposed development.

A notice of appeal must be filed with the director of the responsible department no later than 14 days after the decision. An appeal form may be available from the responsible department.

For additional information on the City of Austin's land development process, visit our web site: www.ci.austin.tx.us/development.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the name of the board or commission, or Council; the scheduled date of the public hearing; the Case Number; and the contact person listed on the notice.

Comments:

The Nursery school are GREAT
Neighbors. They deserve their
expansion and provide a
wonderful service to Rosedale
children. The expansion will
back up to part of my fence and I
HAVE NO PROBLEMS WITH IT AT ALL.

Comments: We people on this section of Shoalwood and Shoalwood have so much trouble of parking on our streets I am the 3rd home on the left side of Shoalwood need a clear fence like Shob herself at 5010 had no much trouble of the kids screaming, blocking the driveway, front sidewalk. That school abuse it's when they have some kids entertainment which takes up the whole street for hrs & not let us who pay for paving & upkeep just walk couldnt get the street cleaned as cars were on street for

unloading kids - I have put up a sign for proper parking front of my front sidewalk. Contact me anytime way to loan amount

Dear Chair and members of the Commission
I am writing regarding Case # SR-2010-01224

re: action regarding necessary permit (AFCAS or "COP")

As a Child Development Specialist, I encourage you to support AFCAS's request for a conditional use permit (CUP) to allow the best part of 5012 Ashdown Drive (which AFCAS owns) as an outdoor play area for AFCAS's student.

The air quality stipulations necessary to allow meet the minimum requirements for

outdoor space set by the State (80 SF per child): but it looks adequate given space for developing large motor skills, such as running, stopping, or riding tri-cycles. Current national norms and children's code of physics indicate, often incidentally in the major health arena of obesity, that changes in the way to provide relevant space for children to participate daily in large motor skills activities.

As a program in Child Development and Family Science at The University of Texas with children birth through 15 years old (with AFCAS to promote and permit the best practice learning environment for children and their families AFCAS has an outstanding reputation for being trustworthy and upholding highest standards during the over 60 year existence of this program and staff and space

Shirley, M. Thyllie Richards, Chair
